2000 Jetta 2.0L Engine Clicking Noise

I recently purchased a 2000 Jetta with a 2.0 engine and manual trans. I've only driven it twice since I bought it, but when I took it out today I noticed the idle speed was not constant. Some times it idles around 900 RPM. Other times it idles around 1800 RPM. It idles smoothly and does not fluctuate, but it seems to pick one of those idle speeds at random.
