This textbook is for Second Grade, but the concepts and text are reasonable for an average/above average level first grader. After looking at several homeschooling science programs, I went with this for ease of use and cost. For \$10, I have both the textbook and workbook! I like that the text covers more than one type of science and my daughter loves the pictures. I included pictures of the ...

Workbook There is a lot of reading in this book though, so if you have a struggling 2nd grade reader they may find it frustrating if they have to do it on their own without help. The stories in the reading section are fun and educational, and are a mixture of history, science, facts, and fiction. This is a good workbook for homeschooling. Page 10/18. Acces PDF ...
