When things are bad, we take comfort in the thought that they could always get worse. And when they are, we find hope in the thought that things are so bad they have to get better. — Malcolm S Forbes. Hope that prayers can be answered. Hope that doors of opportunity, that seemed locked, can be opened. Hope that broken relationships can be reconciled. Hope that diseased bodies can be healed. Hope that damaged trust can be restored. Hope that dead churches can be resurrected... Of all people, we must claim that hope and live in it and radiate it to others.

"Messages of Hope" is the page-turning story of a former skeptic--Commander Giesemann, former U.S Navy commanding officer and aide to the Chairman of the Joint Chiefs of Staff--who has evidential communication with unseen realms.

In this high concept YA novel debut that 's We All Looked Up meets The Sun Is Also a Star, three teens must face down the mistakes of their past after they learn that life on Earth might end in less than a week. News stations across the country are reporting mysterious messages that Earth has been receiving from a planet—Alma—claiming to be its creator. If they 're being interpreted correctly, in

seven days Alma will hit the kill switch on their “ colony ” Earth. True or not, for teenagers Jesse Hewitt, Cate Collins, and Adeem Khan, the prospect of this ticking time bomb will change their lives forever. Jesse, who has been dealt one bad blow after another, wonders if it even matters what happens to the world. Cate, on the other hand, is desperate to use this time to find the father she never met. And Adeem, who hasn ’ t spoken to his estranged sister in years, must find out if he has it in him to forgive her for leaving. With only a week to face their truths and right their wrongs, Jesse, Cate, and Adeem ’ s paths collide as their worlds are pulled apart.

history here and now, and sheds light on this history."--- Pope Benedict XVI "As was so dramatically obvious during the visit of Pope Benedict XVI to Fatima in May 2010. Our Lady's apparitions in 1917 remain powerfully compelling for us today. There she was an evangelist, calling us to prayer, conversion of heart, and penance, pointing to Jesus and repeating her words at Cana, 'Do whatever He tells you.' This book brings it all home."--- Most Reverend Timothy Dolan Archbishop of New York "Learn, live, and spread the message of Fatima! This is the express desire of Pope Benedict XVI. And Pope John Paul II once stated that the message of Fatima was more important now than in 1917! That is why this wonderful book on Fatima is so important. Fr. Apostoli has recaptured this heavenly message of urgency and hope for a new generation. Our world needs the message of Fatima more than ever, and I pray that many people are

brought back to Jesus, Mary, and the Church through these pages." --- Fr. Donald Calloway, MIC Author, No Turning Back: A Witness to Mercy "Fr. Apostoli's book tells us all we need to know about Our Lady's apparitions to the three children in Portugal in 1917. His brief and objective presentation of the facts surrounding the divine revelation not only informs the mind, but also moves the will to embrace and carry out the message of Fatima---prayer and penance---for the salvation of souls and world peace. The message is clear---pray the Rosary every day and offer up some sacrifices for the salvation of sinners and in reparation for sins against God and the Immaculate Heart of Mary." --- Fr. Kenneth Baker, S.J. Author, Inside the Bible "In a manner which is most accessible and, at the same time, complete and accurate. Father Apostoli helps us to know the maternal instruction of Our Lady of Fatima and,

following it, to know and 'savor', in the words of Pope Benedict XVI, the mystery of divine love in our lives."--- Raymond Cardinal Burke Though the apparitions of Our Lady of Fatima took place almost a hundred years ago, Our Lady's call to prayer and penance for the salvation of souls and peace in the world is as relevant now as when first delivered to three Portuguese peasant children in 1917. At the peak of World War I, Our Lady warned us of another possible worldwide conflict, the rise and spread of Communism, and a terrible persecution of the Church, unless people repented of their sins and returned to God. She also requested devotion to her Immaculate Heart and a special consecration of Russia. Much of what Our Lady of Fatima said was revealed soon after her appearances, but the third and final "secret", which was not a message but a prophetic vision seen by the children, was

not unveiled by the Vatican until 2000. Pope John Paul II, who read the third secret while recovering from the attempt upon his life in 1981, believed the vision signified the sufferings the Church had endured in the twentieth century. Because of the prophetic nature of her messages, the story of Our Lady of Fatima has been the subject of much controversy and speculation. In this book, Fr. Andrew Apostoli, acclaimed expert on Fatima, carefully analyzes the events and messages at Fatima and clears up lingering questions and doubts about their meaning. He also challenges the reader to hear anew the call of Our Lady to prayer and sacrifice, for the world is ever in need of generous hearts willing to make reparation for those in danger of losing their way to God.

The motor vehicle accident in 2004 was the start of a supernatural journey of faith for the McPherson family. Retah's son, Aldo (then 12 years old), suffered a serious brain injury and was in a coma for several months. While Aldo was in a coma, he had a supernatural experience: he was in heaven, saw God, the angels, Moses and Abraham. Aldo came back with this message: "Mommy, I need to tell the world that Jesus is truly alive " A Message of Hope is the third book in a series wherein Aldo and Retah testify of the road of faith and hope their family has been

walking on with God since the accident. Aldo's letters written in his own handwriting, as inspired by the Holy Spirit (or Wisdom, as Aldo calls Him), tell of his encounters with angels, demons and the fierce spiritual battle they were engaged in. It brings a sobering realisation that what happens in the unseen spiritual realm has a much greater effect on our lives than we think. "Sometimes our circumstances are so overwhelming that we can lose all perspective and hope in the battle. Then we often give up and start agreeing with the lies of enemy instead of standing up and fighting for our Promised Land. But how do you fight if you don't know the nature or strategy of the enemy? Because of all that we have endured, I can say today with unshakable conviction: God is faithful. You can trust Him; and in Him there is always hope " - Retah McPherson. The author, a professor of theology and ordained minister, argues that Revelation does not predict a seven-year tribulation, nor a rapture of Christians. Rather, it offers a vision of God's healing love for the world.
