Alexander Ludwig as Will Stanton. The seventh son of a seventh son, Will is the descendant of Thomas Stanton who created the six signs. The youngest male in his family and born with special powers that reveal themselves on his 14th birthday. The powers of The Seeker.

Madelina is the youngest daughter of a Norman conqueror and a woman of power. Her own power is insignificant enough in her eyes that she trains to be a healer under the expert tutelage of her mother. When a child is brought to the castle where she lives, she knows she doesn't have the skills to heal him, and her mother's powers—and her own—will need to be revealed to a handsome knight. Alexander Lain is the seventh son of a seventh son, and as such he has luck on his side in everything he does. When he finds a peasant child burning with fever, her parents burning in a hovel nearby, he takes the child, hoping to find someone who can heal her. He's pointed toward the castle and Lady Lina, and he takes the child there, finding it convenient that his errand was taking him to the same place. What he sees in his first hour in the castle astounds him, but it doesn't keep him from an attraction for the young lady there. Will he be able to convince her—and her father—she's meant to be his bride? Or will his luck finally run out? *Note this romance contains a mild sex scene*

The daughter of a peasant, Matilda goes to work at the Lain castle, away from her parents for the first time in her life, her mother's admonishments to stay away from the men of the castle still ringing in her ears. With barely enough time to put her things away, she meets the son of the family, who makes it clear he is very interested in her. Afraid to trust him, she follows his commands and finds herself engaged to him within the week. Robert Lain has always known that he would someday meet the woman who was just right for him and together they would raise seven sons. When he sees Matilda dusting his home he knows that she is the woman he's waited his entire life for. Will he be able to convince her that his feelings for her are more than lust? Or will they have their sons without ever feeling the closeness both of their parents enjoy? Warning: There is a short mild sex scene in this book.

The first volume in the Homecoming saga from bestselling author Orson Scott Card, *The Memory of Earth* High above the planet Harmony, the Oversoul watches. Its task, programmed so many millennia ago, is to guard the human settlement on this planet—to protect this fragile remnant of Earth from all threats. To protect them, most of all, from themselves. The Oversoul has done its job well. There is no war on Harmony. There are no weapons of mass destruction. There is no technology that could lead to weapons of war. By control of the data banks, and subtle interference in the very thoughts of the people, the artificial intelligence has fulfilled its mission. But now there is a problem. In orbit, the Oversoul realizes that it has lost access to some of its memory banks, and some of its power systems are failing. And on the planet, men are beginning to think about power, wealth, and conquest.
