Motion 5 is now being sold as a standalone product only through the Mac App Store and retails for \$49.99(US)

Mac. iPhone. iPad. Apple TV? While Apple TV may not get the same press as other Apple products, that is about to change. For years, Apple TV was touted as Apple's hobby product—something they tinkered with occasionally, but not something they put as much effort in as other Apple products. This guide is an introduction to the newest Apple TV (released in October 2015). If you are just “thinking” about making the switch from cable to streaming TV, then this book will show you how; if you've already made the switch, but you want to get the most out of it, then it will cover that as well. There's something for everyone here, so read on...

Provides information on performing simple functions and using the pre-loaded applications on the iPad, including FaceTime, Safari, and iBooks.
