Celebrating beer worldwide, this is a must-have for any beer aficionado. Whether you're planning a pub crawl, a weekend in the country, or a longer vacation, this book is a trove of ideas for the beer lover. As is to be expected, this lively guide to beer-related travel contains a comprehensive list of hundreds of breweries large and small--both long-standing and freshly minted--that are open for tours and tastings along with an in-depth look at their different approaches to brewing, philosophies about flavors and ingredients, and what makes their beers special. But this book digs deep into the world of beer and includes a multitude of ideas for exploring the world's best beer destinations: the Pacific Northwest's gleaming modern taprooms; atmospheric English pubs; iconic breweries including San Francisco's Anchor Steam and the Czech Republic's original Pilsner; boisterous festivals from Munich's Oktoberfest to Denver's Great American Beer; and other points of interest such as Germany's pop-up beer gardens or a pub crawl in Dublin where you can hoist a Guinness at James Joyce's favorite pub. The book is liberally illustrated with atmospheric photos and reproductions of beer labels and logos and includes information on beer styles, food and beer pairings, drinking traditions, glassware, and a primer on brewing.

Now seen as something to taste, savor, travel for, and talk about, beer really is the new wine. This new, up-to-date edition of The Beer Book features every significant brewery in every significant brewing nation, and showcases new beers and specialist beers, as well as the classics. With a visual catalog of more than 800 breweries, whistle-stop beer trails, and key beer facts throughout, The Beer Book is the indispensable guide to the world's favorite drink.

What do you get when you cross a journalist and a banker? A brewery, of course. "A great city should have great beer. New York finally has, thanks to Brooklyn. Steve Hindy and Tom Potter provided it. Beer School explains how they did it: their mistakes as well as their triumphs. Steve writes with a journalist's skepticism-as though he has forgotten that he is reporting on himself. Tom is even less forgiving-he's a banker, after all. The inside story reads at times like a cautionary tale, but it is an account of a great and welcome achievement." -Michael Jackson, The Beer Hunter(r) "An accessible and insightful case study with terrific insight for aspiring entrepreneurs. And if that's not enough, it is all about beer!" -Professor Murray Low, Executive Director, Lang Center for Entrepreneurship, Columbia Business School "Great lessons on what every first-time entrepreneur will experience. Being down the block from the Brooklyn Brewery, I had firsthand witness to their positive impact on our community. I give Steve and Tom's book an A+!" -Norm Brodsky, Senior Contributing Editor, Inc. magazine "Beer School is a useful and entertaining book. In essence, this is the story of starting a beer business from scratch in New York City. The product is one readers can relate to, and the market is as tough as they get. What a fun challenge! The book can help not only those entrepreneurs who are starting a business but also those trying to grow one once it is established. Steve and Tom write with enthusiasm and insight about building their business. It is clear that they learned a lot along the way. Readers can learn from these lessons too." -Michael Preston, Adjunct Professor, Lang Center for Entrepreneurship, Columbia Business School, and coauthor, The Road to Success: How to Manage Growth "Although we (thankfully!) never had to deal with the Mob, being held up at gunpoint, or having our beer and equipment ripped off, we definitely identified with the challenges faced in those early days of cobbling a brewery together. The revealing story Steve and Tom tell about two partners entering a business out of passion, in an industry they knew little about, being seriously undercapitalized, with an overly naive business plan, and their ultimate success, is an inspiring tale." -Ken Grossman, founder, Sierra Nevada Brewing Co.
