This tab is transcribed from the “ Live Norwegian TV ’ 73 ” recording which I found easier to follow than some of the other versions. Just remember that this is Bert Jansch; a man who was always happy to chuck in an extra note or beat whenever he felt like it, so don't get too hung up on trying to play every note exactly the way he did in any particular recording.

Herbert Jansch (3 November 1943 – 5 October 2011) was a Scottish folk musician and founding member of the band Pentangle. He was born in Glasgow and came to prominence in London in the 1960s, as an acoustic guitarist, as well as a singer-songwriter. He recorded at least 25 albums and toured extensively from the 1960s to the 21st century.

Profiles the life and work of Bert Jansch, guitarists' guitarist and songwriters' songwriter. He has been admired by stars as diverse as Bob Dylan, Johnny Marr and Jarvis Cocker, and this book looks at his life from his early days in Scotland to his 1995 album *When the Circus Comes to Town*.

This book is an extension and expansion of the previously released Mel Bay book, *DADGAD Tuning*. It includes a number of additional instrumental solos in *DADGAD* for beginning-intermediate guitar players, while introducing *DGDGCD*, a related open tuning. Although many of the selections are traditional Irish dancetunes, the book also includes an American dance tune, two traditional Irish songs, and original instrumentals by Frederick Boyce, Jake Schumacher, Gilles le Bigot, and the author. The book is written in tablature and standard notation

Hi and welcome to my 'Blues Chord Buster' course. I've played many blues styles over the years and am constantly amazed how the humble 12 bar can produce so many variations of chord shapes and sounds. Each style has it's own unique twist to the way you might play the three chord trick of the blues progression. In this course I'll be sharing with you some of the ways you can 'bust' into different blues styles and build a library of chords and patterns to use in your own blues playing. You will learn the essentials of blues chord playing through eight different styles ranging from traditional shuffles through to contemporary blues. All exercises are supported by chord diagrams, and of course the all important video guides so you can see and hear how it's done. So, let's 'bust down the blues' and check out the chords.

(Guitar Educational). An alternate tuning is created when one or more strings of the guitar are tuned to notes that differ from standard tuning. This book is designed to familiarize you with chord shapes while playing in some of the most common alternate tunings, such as: Open D, Open G, Open Gm, Open A, Open E, Open Em, Open C, Drop D, Double Drop D, Dsus4 and more. Includes info on chord construction, and easy-to-read diagrams.

"A tribute to the innovators and an analysis of the unique guitar fingerstyles and techniques developed in Great Britain. Presents guitar instrumentals by Davey Graham, Burt Jansch, and John Renbourn - over 20 solos in notation and tablature. The stereo CD features each solo as performed by the respective British composer /guitarist, and contains all but four of the songs in the book. The CD does not contain the following songs: Carolan's Concerto, Mrs. O'Rourke, Lord Inchiquin (arr. by John Renbourn) and

Lament for Charles MacCabe."

The Acoustic Songbook: Chord Songbook is a unique collection of 65 acoustic songs from the very best acoustic artists ranging from Loudon Wainwright III and Ralph McTell to Katie Melua and Radiohead, all arranged with full lyrics and detailed guitar chord guide. The songs cover a huge variety of styles, from original fingerpicking folksongs to unplugged versions of famous pop ballads and rock hits. Ideal for beginners and buskers, or any guitarist/singer who wants to quickly expand their repertoire.
