Bitcoin – mastering the turning point. What we mean with the very first is that only for the reversal pattern of a “V” formation one wants to be the very first one to enter into a trade. This is the rarest occurrence of a turning point and for any other tuning points i.e.: double/triple bottoms, ranges, diamonds, rounding bottoms ...

Discover How I An Ex Army Became A  
Network Discovery When a new node boots up,  
it must discover other bitcoin nodes on the  
network in order to participate. To start  
this process, a new node must discover at  
least one existing node on the network and  
connect to it. The geographic location of  
other nodes is irrelevant; the bitcoin  
network topology is not geographically  
defined.
