Clenow Stocks On The Move  
Clenow’s Stocks on the Move strategy aims to beat the S&P 500 at lower volatility. To do so, Clenow’s strategy trades individual stocks from the S&P 500. The strategy selects the stocks based based on volatility-adjusted momentum and uses a naive risk-parity approach for position sizing. Stocks on the Move has moderate maintenance requirements, as it rebalances its positions once per week.

Stocks on the Move: Beating the Market with Hedge Fund ...  
Stocks on the Move outlines a rational way to invest in the markets for the long term. It will walk you through the problems of the stock markets and how to address them. It will explain how to achieve twice the return of the stock markets at considerably lower risk.

Stocks on the Move: Beating the Market with Hedge Fund ...  
Also, another question regarding rebalancing — clearly this implies on a weekly basis buying more of the selected stocks that have relatively underperformed and these might continue to deteriorate — is this an issue or is this actually beneficial. ie why does position rebalancing work — is the selling of the high performing stocks or the buying of the underperforming stocks.

Stocks on the Move — Following the Trend  
Clenow has provided a wonderful addition to the trend following literature. His book, “ Stocks on the Move ” covers every aspect that needs to be considered including why not to do certain things. He then steps you through the creation of a complete strategy with enough detail that anyone can use it.

Stocks on the Move: Beating the Market with Hedge Fund ...  
Beating the stock market isn’t very difficult. Yet almost all mutual funds consistently fail. Hedge fund manager Andreas F. Clenow takes you behind the scenes to show you why this is the case and how anyone can beat the mutual funds.
