*Connectography: Mapping the Future of Global Civilization ...*

Parag Khanna's Connectography follows the rise of global supply chains and argues economic links between cities are supplanting national and subnational borders as the most relevant way to organize the global economy. He traces supply chains' impact on development, culture, and ideas.

*Connectography: Mapping the Future of Global Civilization ...*

Parag, the author of The Second World and How to Run the World, is a visionary, and visual, thinker who offers a hopeful, yet realistic, (literal) map of the world's future. His new book, Connectography , does that in spades and hits bookshelves today, and Mr. Khanna was kind enough to share the prologue with us.

*Connectography: Mapping the Future of Global Civilization*

In Connectography, Parag Khanna surveys the economic, political and technological landscape and lays out the case for why "competitive connectivity" - with cities and supply chains as the vital nodes - is the true arms race of the twenty-first century. This bold reframing is an exciting addition to our ongoing debate about geopolitics and the future of globalization' -- Dominic Barton, Global Managing Partner, McKinsey & Company
