Today, black players compose more than eighty percent of the National Basketball Association's rosters,

providing a strong and valued contribution to professional basketball. In the first half of the twentieth century, however, pro basketball was tainted by racism, as gifted African Americans were denied the opportunity to display their talents. Through in-depth interviews with players, their families, coaches, teammates, and league officials, Ron Thomas tells the largely untold story of what basketball was really like for the first black NBA players, including recent Hall of Fame inductee Earl Lloyd, early superstars such as Maurice Stokes and Bill Russell, and the league's first black coaches. *They Cleared the Lane* is both informative and entertaining, full of anecdotes and little-known history. Not all the stories have happy endings, but this unfortunate truth only emphasizes how much we have gained from the accomplishments of these pioneer athletes.

This is a book on the history of drug discovery that highlights the intellectual splendor of discoverers as well as the human frailty associated with them.

Web Programming with HTML5, CSS, and JavaScript is written for the undergraduate, client-side web programming course. It covers the three client-side technologies (HTML5, CSS, and JavaScript) in depth, with no dependence on server-side technologies.

Citizenship, indigenisation, inter-ethnic marriages and youthful exuberance are the core of *WHERE ARE YOU FROM?*. The novel questions the true meaning of federalism and highlights the frustration and disappointment young Nigerians face in their quest to succeed in a place where there are differences in background. It is an expose on how one can be lost in a country of one
