Book Type - Practice Sets / Solved Papers About Exam: The State Bank of India (SBI) conducts PO Recruitment in a 3 stage process i.e Prelims, Mains, and interviews. The prelims stage is merely for shortlisting candidates for the mains exam and the merit list will depend on the score in the mains and interview stages. So, candidates must focus on the mains exam preparation as this is where their fate will be sealed. Again candidates must also focus on group exercise activities and interview skills after the SBI PO Main exam is over as they have sufficient time after the exam and

Seven decades since Indian Independence, education takes the centre stage in every major discussion on development, especially when we talk about social exclusion, Dalits and reservations today. This book examines social inclusion in the education sector in India for Scheduled Castes (SCs). The volume: - Foregrounds the historical struggles of the SCs to understand why the quest for education is so central to shaping SC consciousness and aspirations; - Works with

Climate change has emerged as one of the predominant global concerns of the 21st century. Statistics show that the average surface temperature of the Earth has increased by about 1.18°C since the late 19th century and the sea levels are rising due to the melting of glaciers. Further rise in the global temperature will have dire consequences for the survival of humans on the planet Earth. There is a need to monitor climatic data and associated drivers of changes to develop sustainable planning. The anthropogenic activities that are linked to climate change need scientific evaluation and must be curtailed before it is too late. This book contributes significantly in the field of sustainable natural resource management linked to climate change. Up to date research findings from developing and developed countries

like India, Indonesia, Japan, Malaysia, Sri Lanka and the USA have been presented through selected case studies covering different thematic areas. The book has been organised into six major themes of sustainable natural resource management, determinants of forest productivity, agriculture and climate change, water resource management and riverine health, climate change threat on natural resources, and linkages between natural resources and biotic-abiotic stressors to develop the concept and to present the findings in a way that is useful for a wide range of readers. While the range of applications and innovative techniques is constantly increasing, this book provides a summary of findings to provide the updated information. This book will be of interest to researchers and practitioners

This edited volume develops an understanding of the strategies, processes, issues and concerns involved when small and medium-sized enterprises (SMEs) go international with their local products/services and vice versa. It is a compendium of eighteen selected chapters on the subject, supported by an introductory chapter. The contributions are organized in four parts based on the sub-themes they deal with. The first part, containing the introductory chapter, provides different perspectives on transnational entrepreneurship, returnee entrepreneurship and their linkages with the internationalization process. The subsequent parts have chapters dealing with three sub-themes of the subject – the internal factors (individual and firm-level resources), the external factors (entrepreneurial

ecosystem), and the process of organizational transformation and change, respectively, in the context of SME internationalization. Special issues and challenges being faced by SME entrepreneurs in emerging economies have been highlighted in this book, discussing key contemporary issues with regard to internationalization in the three dimensions outlined above. Further, the book explains how an entrepreneur can engineer the transformation of his/her organization into an international SME. This book is a very useful resource for entrepreneurs and policy-makers in general, and for academics and researchers in particular, as it provides an overview of the contemporary research in the critical areas of SME internationalization and transnational entrepreneurship by
