Separations in marriages or seriously committed, longer-term relationships are different from the breakups you have might have when you're dating.

Why Separations Usually Lead to Divorce | Psychology Today
By definition, legal separation is a court-issued order that allows spouses to live separately while still being married, i.e. without the legal finality that is said to be provided by divorce. Separation may also be called an alternative to divorce that continues to recognize one's marriage as legal and valid.

6 Key Differences Between Separation and Divorce
A legal separation is an alternative to filing for a divorce when spouses no longer wish to live together. Most of the issues that can be settled in a divorce are settled in a legal separation. Unlike a divorce, however, at the end of a legal separation the parties are still legally married and they are not legally able to remarry.

New York Legal Separation - New York Divorce Source
Separation Agreement vs. Divorce Agreement in New york
Traditionally, a separation agreement would be a mirror image of a divorce agreement. It resolves issues related to children of the marriage, if any, and would provide for custody and parental access time , child support, and perhaps college education and support issues.

How and Why to Obtain a Legal Separation in New York
When it comes to separation and divorce, both matters are complicated, making it difficult for both parties involved in the relationship. Property settlement is also one of the issues that need to be resolved as well. It is crucial that you seek specialized legal advice, especially when it comes to property settlement. The process can be tedious and stressful.

Presents strategies for raising well-adjusted children after a divorce, featuring sample conversation scenarios that demonstrate positive communication skills and promote healthy environments.

Guess which couple got more of what they wanted: Charles and Charlotte, who worked out a negotiated settlement together? Or John and Joyce, who let the court settle their differences? Couples who want to negotiate their own divorce settlements now have a comprehensive self-help guide, complete with ground rules, agendas for discussion, sample forms, and options for divorce mediation without "bloodshed." Not quite a "do-it-yourself" manual - you'll still need an attorney - but packed with real-couple examples of successful agreements on Co-Parenting, Custody, Financial Support, College Planning, Property, Insurance, Taxes... An organized, thorough guide to the important issues for every separating couple, and an effective aid for those who seek professional mediation. "Your chances of getting the outcome you want are best when you take control of the decision-making process," says Martin Kranitz, Director of the National Center for Mediation Education in Annapolis, Maryland. "Couples can work out their own decisions, if they know what to talk about."

Approximately fifty percent of the couples who sign a marriage license will also sign on the dotted line of a divorce document. In order to turn the tide of this stark statistic, couples who have considered or experienced separation or divorce must be given real tools to reconcile, restore, and rebuild their relationships. Marriage on the Mend provides these tools for couples in crisis. Clint and Penny Bragg know what it means to be that couple. After being divorced for eleven years and living 3,000 miles from each other, they were remarried!but the difficult work of restoration continued long after that second ceremony. The Braggs know that couples who reconcile face a unique set of challenges, including unresolved arguments, poor communication habits, unforgiveness, and betrayed trust. Biblically based materials are required to walk through this treacherous territory toward full healing and restoration. This practical, realistic book identifies roadblocks that may stall relationship progress, recommends ideas to deepen intimacy, offers solutions to effectively handle past hurts and conflicts, and applies Scripture to every aspect of the process in order to proactively stabilize and safeguard the marriage. At the end of each chapter, the Braggs include a prayer for couples to share to help facilitate healing. The one thing all broken relationships have in common is that true healing takes time. Using the framework of Nehemiah's effort to restore Jerusalem's walls following the Israelite's exile and captivity, Marriage on the Mend provides a clear framework for the restoration of relationships.

There are few people whose lives are unaffected by marriage breakdown. Yet how many are well informed about the divorce process and/or appreciate the wide powers the court has to redistribute property and income after divorce? Those who act without the benefit of specialist legal advice can risk impoverishing themselves and their families by accepting less than the court may award them or offering more than the court would order them to give. The Handbook of Separation and Divorce is principally concerned with the financial consequences of marriage breakdown in England and Wales. It suggests what should be done when a marriage is in difficulty and ensures that advice is obtained from a solicitor who is a specialist. It recognises that everyone who separates or divorces will be the poorer and recommends that where appropriate those who can face mediation should undertake it while at the same time ensuring they can get independent legal advice. The Handbook of Separation and Divorce will be essential reading for social workers and health professionals as well as the general reader and those going through, or considering, divorce or separation.

This book is developed from the Recovery from Divorce and Separation course that Erik runs at Holy Trinity Brompton. It will help people to recover from the experience of divorce or relationship breakdown and rebuild self-confidence. It offers the real possibility that people can have a restored, fulfilled and happy life. Erik starts by outlining the journey of breakdown and recovery, offering the assurance that recovery is possible. He then provides important tools for communicating well with your ex, handling conflict, setting emotional boundaries and expressing yourself clearly. He shows how it is possible to let go and move on, highlighting the importance of forgiveness. He explores the impact on family and friends and considers the legal and financial aspects before addressing the question of moving forward as a single person and building strong relationships across our lives.

When a marriage ends, it is hard enough for the two people directly involved. When there are children in the family, however, the destructive effects of a divorce or separation are magnified. In Now What Am I Supposed to Do? author Lynn Cassella-Kapusinski offers a workbook for teens to help them flush out their feelings and fears over their parents' divorce or separation. The author's own parents divorced when she was eleven, and she writes with a style that teens can easily relate to without feeling talked down to. The exercises in Now What Am I Supposed to Do? can be done alone or with friends. While this book is aimed at teens, it is also a helpful guide for parents and youth ministers who want to help teens work through their emotions.

Increasingly more Christian and non-Christian couples have decided that the best decision to make in a dysfunctional relationship is to part their ways and move on to find contentment in their life, and re-attempt to find their soul mate and true love.Continuing to exist in a dysfunctional relationship has many negative physical and emotional consequences. Louise draws upon her own personal experience and her counseling with other couples to help people maneuver through these emotionally devastating times towards ultimate healing.Having faced her own struggles with marriage, divorce, and abandoned love, author Louise Diehl empathizes with the feelings of sadness, anger, loneliness, and the accompanying uncertainty about what to do during these wearisome trials.She provides readers with a helpful guide for gaining peace in the midst of separation and/or divorce in her nonfiction book, Healing from Divorce, Separation and Abandoned Love. Comprised of chapters focused on the process of terminating a relationship and the emotional struggles that occur at this time; Louise makes it known to readers that the greatest strength to have in this time comes only from God. She bestows Biblical scripture verses that support the advice she offers. She stresses how God has the ability to strengthen people to overcome debilitating trials when relationships fail.Louise presents each chapter topic: ranging from identifying and exiting a toxic relationship, coping with your anger and revenge, battling loneliness, handling the legal issues, what to do when children are involved in a relationship separation, healing and regaining the strength to love again and move on with your life, and much more.She stresses that there are ultimate benefits for moving through these trials and healing, as you grow stronger with your faith in God. The main goal evident in the pages of Healing from Divorce, Separation and Abandoned Love is to assist readers in achieving healing in this extremely devastating time and to be able to gracefully move on with their separate lives. Knowing God can heal their wounds and ignite their joy and hope, readers will be able to embrace the future with strength and most importantly the skills to learn to trust and love again.

Take coparenting to the next level and provide a stable environment for your children as you and your spouse begin tackling your separation or divorce. For parents who are separating and want to put their children first, birdnesting could be the interim custody solution you've been looking for. Instead of the children splitting their time being shuttled between mom and dad's separate homes, birdnesting allows the children to stay in the \nest\ and instead, requires mom and dad to swap, allowing each parent to stay elsewhere when not with the children. Initially popularized by celebrities, this method of coparenting is now becoming more mainstream as a way to help ease children into a new family dynamic. Birdnesting takes work and commitment but with Dr. Ann Gold Buscho's guidance, you'll learn everything you need to know about this revolutionary method. In The Parent's Guide to Birdnesting, you will discover the pros and cons, the financial and interpersonal considerations, and if it's the right decision for you and your family.
