This book explores certain contemporary problems of accounting through the eyes and pens of historians. Many accounting problems are not new ones and it is therefore important to understand their history and development through the ages. This book places twentieth century studies in context and provides clues to possible solutions. The focus of this book is on companies and their financial reports and will be of use to students of economic and business history who wish to provide themselves with an accounting background in relation to the financial reports of companies they may be studying.

ACCA Approved and valid for exams from 01 Sept 2017 up to 30 June 2018 - Becker's P2 Corporate Reporting (INT) Study Text has been approved and quality assured by the ACCA's examining team.

This 3rd edition of Accounting: A Practical Approach continues to provide an easy to read, practical introduction to accounting concepts. The many worked examples and illustrations put the theory into context. Students can then apply their knowledge with a wide variety of self test questions.
