America, and Asia. A number one bestseller in the late 1970s, it is still regarded as one of the greatest motorcycle books - indeed, one of the greatest travel books - ever written. In 2001, at the age of 69, Ted Simon decided to retrace his journey, and DREAMING OF JUPITER is the result. It took him two and a half years - during which time he revisited all the countries he had travelled through in the 1970s. He found much had changed, and he reflects upon the increased poverty, political upheavals, environmental issues and indeed the changes in himself. But ultimately, DREAMING OF JUPITER is a hugely inspiring read with a positive message at its heart - that even at the age of 70 you can still set off on an adventure, and be surprised and excited by what life throws at you along the way.

Jupiter's Travels -Ted Simon's astonishing 4 year motorbike journey around the world The book that inspired Ewan McGregor's Long Way Round In the late 1970s Ted Simon set off on a Triumph and rode 63,000 miles over four years through fifty-four countries in a journey that took him around the world. Through breakdowns, prison, war, revolutions, disasters and a Californian commune, he travelled into the depths of fear and reached the heights of euphoria. He met astonishing people and was treated as a spy, a welcome stranger and even a god. For Simon the trip became a journey into his own soul, and for many others - including bikers Charley Boorman and Ewan McGregor - it provides an inspiration they will never forget. This classic text, which has informed a whole genre of travel writing in the thirty years since it was first published, will never be bettered for sheer adventure, passion, humour and honesty.

British Isles to rediscover the country of his youth. The result is a revealing portrait of modern Britain and a witty and affectionate journey back to the past, when Ted would hitchhike across the country visiting friends (and girlfriends). He returns to the site of his old school with its astonishing war time history and visits familiar haunts where he did his National Service and got his first job in newspapers. He also visits less-familiar places. Some inspire him (Winchester Cathedral). Others defeat him (a tax office in Nottingham). As he rolls through the Isles, he discovers that a great deal has changed: busier roads, bureaucracy and, worst of all, the dreaded 'Sat Nav'. But there is also much to celebrate and enjoy along the way. Packed with fascinating stories, extraordinary encounters and glorious depictions of the British countryside, Rolling through the Isles takes the reader on an unforgettable trip

with a celebrated adventurer and writer.

For four years during the 1970s Ted Simon rode a motorcycle around the world, something no-one had ever done before. He described his adventures first in regular bulletins for The Sunday Times and then, after his return, in Jupiter's Travels, a book that has become revered as a classic of travel writing. Published by Penguin, Jupiter's Travels has sold nearly a million copies in the intervening years and has remained in print throughout that time, remaining a strong seller even today. Ted Simon took a decent SLR camera on the trip, but only a handful of his several thousand color photographs were included in Jupiter's Travels. These are now included in the book published to coincide with the 40th anniversary of his ground breaking trip.

Riding High is packed with untold episodes from the Jupiter journey of Ted Simon's book *Jupiter's Travels*: his confrontations with a murderous military in Chile, his farcical arrest in India, bizarre customs in Thailand and Malaysia, his hilarious entanglements with a bottle of bad Dubonnet in Ecuador, and many more. Simon contrasts them with the touching and turbulent events that followed his return to domesticity, and explains what became of him in 'life after travel.'
