Electronics Guide Simcity

Electronics cities differ from the other specializations in that there is little to plan at first. To minimize later problems and and maximize efficiency, you'll want to build most or all of your...

Electronics - SimCity Wiki Guide - IGN

Electronics is a type of city specialization in SimCity (2013). The electronic specialization focuses on advanced technology. The logistics can become a problem, because many different goods are needed, and usually there's both import and export involved. The first tier of electronics is to produce processors, which are
