Erotic origami by Nick Robinson In 2004, London-based artist Nick Robinson put out a book called Very Naughty Origami. In it, Robinson provides step-by-step diagrams of how to create titillating folded paper figures such as his "Schwanstucker."

The not so ancient art of "erotic" origami | Dangerous Minds

Who knew that an innocent piece of paper could be so erotic after a few well-placed folds? Anyone who thought of origami as child's play is in for a surprise with this funny and entertaining book that goes where no other origami books have gone before. Combining the ancient Japanese art of origami with humor and sex, each project transforms an ...

Erotic Origami will satisfy the adult-oriented cravings of origami aficionados. Over 600 full-color illustrations will guide you to recreate twelve origami pieces. A chapter on materials and methods is also included, so you can make your models as presentable as possible.

No two dogs are the same, and this winsome collection of canine origami models offers a fun-filled variety of pooches, each with a distinctive personality. Twenty original designs include such familiar breeds as a hound, a bulldog, and an Alsatian as well as plenty of lovable mutts. As with most origami projects, these figures allow for a virtually limitless number of variations — with a little tweaking, you can customize your origami dogs to give them unique characteristics. Along with step-by-step directions, easy-to-follow diagrams, and links to video tutorials, each model features a full-color image of the finished dog. Projects are rated according to difficulty by means of a one-to-five paw rating, and a brief introductory chapter explains folding techniques and suggestions for how to choose the most appropriate origami paper. In addition to your own pack of playful pups, you can create charming handmade gifts for friends and family.

This book reaches the parts that other origami books don't, plumbing previously uncharted depths, uniting the yin and yang bedfellows of an ancient Japanese artform and 21st century toilet humour. Readers who hitherto have only been able to make a humble paper aeroplane, will soon be able to impress their mates down the pub with a jaw-dropping ability to take a scrap of chaste, virgin paper and fashion something that is both artistic and crude. Working through a total of 16 projects, the cultural importance of each subject and the inspiration behind it is discussed, while the origami side of things is explained in simple, step-by-step Anglo-Saxon, with evocative line drawings. Adult Origami will soon have readers making giant sperm, novelty paper boobies or a fully moving schwanstucker, impressing friends and shocking polite family members everywhere.

Award winning artists show how to fold their most remarkable creations in Extraordinary Origami. This book features 20 outstanding showpieces from contemporary American Grand Masters, including Neal Elias, Peter Engel, Michael LaFosse, Robert J. Lang, Jeremy Shafer, and more. Intermediate and advanced origami practitioners will discover how to create impressive paper folding sculptures ranging from frogs, bees, butterflies, and blackbirds to a giant panda, a classic harlequin, and a Santa Claus scene. Step-by-step folding sequences, specific instructions, and vivid color photographs are provided for each project. Illustrating a wide variety of artistic approaches, each masterpiece includes a QR code linking to a video tutorial with the artist.

A magical realist, genderqueer love story. The speaker of the novel is a feisty journalist of tell-all erotica who seduces borderland boys--trannies, butches, and daddies--and doesn't know how quickly she will inhabit the margins she writes about. Written mostly in iambic prose, Origami Striptease takes the reader on a wild ride into lost igloos, snow globes, sinister cakewalks, and a land of paper moose.

Origami for Retards is a fun romp through a stuffy ancient art by a moronic master of the art. Completely politically incorrect, this book is not for those lacking a sense of humor or who take themselves too seriously. If you can laugh at the stupidity of the world and yourself, this is the book for you. If you know a friend who loves to laugh at jokes they know they should not, then this is the book for them. If you have a friend who loves origami, buy them the book they are too embarrassed to buy themselves. This book is by the same author of Pornogami: Erotic Origami for lovers.

Britain's hottest young comedian presents a seriously funny, up-close look at joking matters—from the social origins of laughter, to the art and craft of humor, to why we can never remember the punch line—featuring over 300 jokes. As the host of the hit game show *Distraction* (now in its third season on Comedy Central) and one of the premier stand-up acts working today, award-winning comedian Jimmy Carr has won over millions of fans around the world with his trademark rapier wit, laced with "exquisitely economical and perfectly timed one-liners" (*The Guardian*). For this book he teams up with friend and fellow comedy writer Lucy Greeves to take an in-depth look at where humor comes from and how it works, through exploring its purest form: the joke. Only *Joking* begins with the mechanism of laughter—how it happens and why even infants do it—then delves into the power of the punch line, exploring the basics of all jokes, from the use of shock and surprise to advanced stand-up techniques such as the "pull-back/reveal." Carr and Greeves go on to explore taboo humor, jokes that bomb, and the psychology of finding something funny. They look into the long-standing connection between politics and humor, and discuss the survival prospects for contentious jokes in the current political climate. Throughout the book they conjure up a supporting cast of colorful joke enthusiasts, from Sigmund Freud to Lenny Bruce, and discuss their influence on the jokes we tell today. Surveying across national, ethnic, and gender divides, this rollicking analysis of why joking will always be close to the human heart is an irresistible exploration of humor that makes clear why we need a good laugh now more than ever.

Hello and welcome! ERO.GAMI is an erotic origami book which provides the origami enthusiast the opportunity to create our reproductive organs in true form. The book has one sided instructional pages to give you ease in following the procedures. It has been copyrighted and

published in 2000, and it precedes all other erotic origami books which features our reproductive organs. You will be delighted at how realistic the penis, the vagina, and the sperm will look. The title says it all - ERO.GAMI. Thank you and please enjoy the book.

Volcanologist Keeley Baker-Kekuhi is in the middle a a custody battle over her four-year-old son when she meets Ian Gardiner.

Why are jokes funny? Why do we laugh? In *Funny Peculiar*, Mikita Brottman demurs from recent scholarship that takes laughter-- and the broader domain of humor and the comical--as a liberating social force and an endearing aspect of self-expression. For Brottman, there is nothing funny about laughter, which is less connected to mirth and feelings of good will than to a nexus of darker emotions: fear, aggression, shame, anxiety. Brottman rethinks not only the mechanisms of humor but also the relation of humor to the body and the senses. To this end, she provides an engrossing account of the life and work of Gershon Legman, exiled author, publisher, and sexologist, Alfred Kinsey's first bibliographer, and legendary compiler of the dirty joke. Like Freud, Legman was convinced of the impossibility of understanding humor apart from sex, and Brottman shows how his two massive works on the subject, *Rationale of the Dirty Joke* and *No Laughing Matter*, provide a framework for understanding the ambivalent and often hostile impulses that underlie the comic impulse in its various guises. In lively and enlivening chapters, she traverses dirty jokes, the figure of the "evil clown" in popular culture, the current popularity of "humor therapy," changing fashions in stand-up comedy, and the connection between humor and horror. Brottman's sparkling prose, laced with wit, does not obscure the seriousness of *Funny Peculiar*. It is a thoughtful and wide-ranging elaboration of the Freudian claim that joking, in point of fact, is no laughing matter.
