"Facing the Unexpected"
presents the wealth of
information derived from
disasters around the world
over the past 25 years. The
authors explore how these
findings can improve
disaster programs, identify
remaining research needs,
and discuss disaster within
the broader context of
sustainable development.

FACING THE UNEXPECTED

Abstract. International Federation of Red Cross and Red Crescent Societies

(IFRC) refers to a disaster as “a sudden, calamitous event that seriously disrupts the functioning of a community or society and causes human, material, and economic or environmental losses that exceed the community's or society's ability to cope using its own resources”.

Basic Concept of Disaster Management and Emergency ...
