The syllabus combines a solid foundation in essential vocabulary and basic grammar with the life skills students need to function competently outside the classroom. The course progresses more slowly than most beginning series and is accessible to students with limited literacy skills. Each unit of the Student Book includes: Conversations (natural-sounding dialogues which introduce language points); Listening Plus; Paperwork (document literacy); Reading and Writing; Interactions(information gap activities); and Progress Checks. The series is designed for multilevel classes. Lively illustrations present and clarify new vocabulary and concepts.
