British Culture: An Introduction provides a comprehensive introduction to central aspects of culture and the arts in Britain today, and uses a factual approach to place them within a clear, historical context. Topics include: * the social and cultural setting: politics and society 1950-1999, including immigration, feminism, Thatcherism and the arts and the Blair revolution * language and culture: accents and minority languages, broadcasting and public life * the novel, poetry and theatre * cinema: Hammer Horror, James Bond, Ealing comedies, black British film, Trainspotting, The Full Monty and historical epics * television and radio: soap opera, crime series and sitcoms * popular music and fashion: The Beatles, punk, Britpop, subculture and style * art and sculpture: Bacon, Hockney, Gilbert and George and Hirst * architecture and interiors. Each chapter focuses on key themes of recent years, and gives special emphasis to outstanding artists within each area. The book also strengthens study skills, through follow-up activities and suggestions for further reading which appear at the end of each chapter. A real must-read for all students of British history and culture.

Boasting more than 970 alphabetically-arranged entries, the Encyclopedia of Contemporary British Culture surveys British cultural practices and icons in the latter half of the twentieth century. It examines high and popular culture and encompasses both institutional and alternative aspects of British culture. It provides insight into the whole spectrum of British contemporary life. Topics covered include: architecture, pubs, film, internet and current takes on the monarchy. Cross-referencing and a thematic contents list enable readers to identify related articles. The entries range from short biographical synopses to longer overview essays on key issues. This Encyclopedia is essential reading for anyone interested in British culture. It also provides a cultural context for students of English, Modern History and Comparative European Studies.

Black British Culture and Society brings together in one indispensable volume key writings on the Black community in Britain, from the 'Windrush' immigrations of the late 1940s and 1950s to contemporary multicultural Britain. Combining classic writings on Black British life with new, specially commissioned articles, Black British Culture and Society records the history of the post-war African and Caribbean diaspora, tracing the transformations of Black culture in British society. Black British Culture and Society explores key facets of the Black experience, charting Black Britons' struggles to carve out their own identity and place in an often hostile society. The articles reflect the rich diversity of the Black British experience, addressing economic and social issues such as health, religion, education, feminism, old age, community and race relations, as well as Black culture and the arts, with discussions of performance, carnival, sport, style, literature, theatre, art and film-making. The contributors examine the often tense relationship between successful Black public figures and the media, and address the role of the Black intellectual in public life. Featuring interviews with noted Black artists and writers such as Aubrey Williams, Mustapha Matura and Caryl Phillips, and including articles from key contemporary thinkers, such as Stuart Hall, A. Sivanandan, Paul Gilroy and Henry Louis Gates, Black British Culture and Society provides a rich resource of analysis, critique and comment on the Black community's distinctive contribution to cultural life in Britain today.

British culture today is the product of a shifting combination of tradition and experimentation, national identity and regional and ethnic diversity. These distinctive tensions are expressed in a range of cultural arenas, such as art, sport, journalism, fashion, education, and race. This Companion addresses these and other major aspects of British culture, and offers a sophisticated understanding of what it means to study and think about the diverse cultural landscapes of contemporary Britain. Each contributor looks at the language through

File Type PDF Free British Culture Of The Post War Book

which culture is formed and expressed, the political and institutional trends that shape culture, and at the role of culture in daily life. This interesting and informative account of modern British culture embraces controversy and debate, and never loses sight of the fact that Britain and Britishness must always be understood in relation to the increasingly international context of globalisation.

This book explores how British culture is negotiating heroes and heroisms in the twenty-first century. It posits a nexus between the heroic and the state of the nation and explores this idea through British television drama. Drawing on case studies including programmes such as *The Last Kingdom*, *Spooks*, *Luther* and *Merlin*, the book explores the aesthetic strategies of heroisation in television drama and contextualises the programmes within British public discourses at the time of their production, original broadcasting and first reception. British television drama is a cultural forum in which contemporary Britain's problems, wishes and cultural values are revealed and debated. By revealing the tensions in contemporary notions of heroes and heroisms, television drama employs the heroic as a lens through which to scrutinise contemporary British society and its responses to crisis and change. Looking back on the development of heroic representations in British television drama over the last twenty years, this book's analyses show how heroisation in television drama reacts to, and reveals shifts in, British structures of feeling in a time marked by insecurity. The book is ideal for readers interested in British cultural studies, studies of the heroic and popular culture.

The new town of Milton Keynes was designated in 1967 with a bold, flexible social vision to impose "no fixed conception of how people ought to live." Despite this progressive social vision, and its low density, flexible, green urban design, the town has been consistently represented in British media, political rhetoric and popular culture negatively. as a fundamentally sterile, paternalistic, concrete imposition on the landscape, as a "joke", and even as "Los Angeles in

File Type PDF Free British Culture Of The Post War Book

Buckinghamshire". How did these meanings develop at such odds from residents' and planners' experiences? Why have these meanings proved so resilient? Milton Keynes in British Culture traces the representations of Milton Keynes in British national media, political rhetoric and popular culture in detail from 1967 to 1992, demonstrating how the town's founding principles came to be understood as symbolic of the worst excesses of a postwar state planning system which was falling from favour. Combining approaches from urban planning history, cultural history and cultural studies, political economy and heritage studies, the book maps the ways in which Milton Keynes' newness formed an existential challenge to ideals of English landscapes as receptacles of tradition and closed, fixed national identities. Far from being a marginal, "foreign" and atypical town, the book demonstrates how the changing political fortunes of state urban planned spaces were a key site of conflict around ideas of how the British state should function, how its landscapes should look, and who they should be for.

Table of contents

The Companion to Contemporary Black British Culture is the first comprehensive reference book to provide multidisciplinary coverage of the field of black cultural production in Britain. The publication is of particular value because despite attracting growing academic interest in recent years, this field is still often subject to critical and institutional neglect. For the purpose of the Companion, the term 'black' is used to signify African, Caribbean and South Asian ethnicities, while at the same time addressing the debates concerning notions of black Britishness and cultural identity. This single volume Companion covers seven intersecting areas of black British cultural production since 1970: writing, music, visual and plastic arts, performance works, film and cinema, fashion and design, and intellectual life. With entries on distinguished practitioners, key intellectuals, seminal organizations and concepts, as well as popular cultural forms and local activities, the

File Type PDF Free British Culture Of The Post War Book

Companion is packed with information and suggestions for further reading, as well as offering a wide lens on the events and issues that have shaped the cultural interactions and productions of black Britain over the last thirty years. With a range of specialist advisors and contributors, this work promises to be an invaluable sourcebook for students, researchers and academics interested in exploring the diverse, complex and exciting field of black cultural forms in postcolonial Britain.

It is an incontestable fact of history that the United States, although a multiethnic nation, derives its language, mores, political purposes, and institutions from Great Britain. The two nations share a common history, religious heritage, pattern of law and politics, and a body of great literature. Yet, America cannot be wholly confident that this heritage will endure forever. Declining standards in education and the strident claims of multiculturalists threaten to sever the vital Anglo-American link that ensures cultural order and continuity. In "America's British Culture", now in paperback, Russell Kirk offers a brilliant summary account and spirited defense of the culture that the people of the United States have inherited from Great Britain. Kirk discerns four essential areas of influence. The language and literature of England carried with it a tradition of liberty and order as well as certain assumptions about the human condition and ethical conduct. American common and positive law, being derived from English law, gives fuller protection to the individual than does the legal system of any other country. The American form of representative government is patterned on the English parliamentary system. Finally, there is the body of mores - moral habits, beliefs, conventions, customs - that compose an ethical heritage. Elegantly written and deeply learned, "America's British Culture" is an insightful inquiry into history and a plea for cultural renewal and continuity. Adam De Vore in "The Michigan Review" said of the book: "A compact but stimulating tract...a contribution to an over-due cultural renewal and reinvigoration...Kirk evinces an increasingly uncommon reverence for

File Type PDF Free British Culture Of The Post War Book

historical accuracy, academic integrity and the understanding of one's cultural heritage," and Merrie Cave in "The Salisbury Review" said of the author: "Russell Kirk has been one of the most important influences in the revival of American conservatism since the fifties. [Kirk] belongs to an

A textbook on Britain, its country and people, religion, politics and government, international relations, legal system, economy, education, media, and culture for students of British studies. Presenting the basis features of British society, the volume introduces British civilization by highlighting its history of cultural, geographical and human diversity. The book includes: - Britain ' s politics, the Parliament and 2016 Brexit referendum - Insight into the attitudes of British people to the conditions in which they live and work today - Readings on food, culture, religion, music and literature upon which students can develop their own independent study. Supported by full-colour illustrations and useful figures, it is the ideal introduction to the crucial and complex nature of British civilization, culture, and society, past and present.
