*Getting Real - Basecamp*

Getting Real gets you there faster. And that means you're making software decisions based on the real thing instead of abstract notions. Finally, Getting Real is an approach ideally suited to web-based software. The old school model of shipping software in a box and then waiting a year or two to deliver an update is fading away.

*Getting Real: The smarter, faster, easier way to build a ...*

"Go with a briefer alternative that moves you toward something real. Write a one page story about what the app needs to do. Use plain language and make it quick. If it takes more than a page to explain it, then it's too complex." Then proceed as described in From Idea to Implementation. Misc. "Make half the day alone time."
