Mesut Ozil is a midfield magician, casting an elegant spell over opponents and conjuring passes through gaps lesser mortals can't even see. After an eventful sojourn among the Galacticos of Real Madrid he has savoured silverware at Arsenal, while in 2014 he lifted the World Cup with Germany. But his life and career have been a test of resilience. Growing up in Germany's Turkish community, he faced prejudice from those who claimed his dual identity would prevent him giving his all for the national team. Later came questions over a different type of commitment, the kind levelled against those, like Mesut Ozil, who excel in football's finer arts rather than relying simply on running and ruggedness. He has proved concerns on both these issues lack substance. In *Gunning for Greatness*, Mesut Ozil reveals the inside stories of his relationships with Jose Mourinho and Arsene Wenger, his quest to help the under-fire Frenchman restore Arsenal's pre-eminence - and how he silenced the sceptics by conquering the world.

Describes his early athletic ability in several sports, his college success at Alcorn State, and his career in the NFL.

In *The Turning Season*, Michael Wagg goes in search of hidden histories and footballing ghosts from before the fall of the Berlin Wall. He revisits the 14 clubs that made up the 1989 DDR-Oberliga, East Germany's top flight. From Aue in the Erzgebirge mountains to Rostock on the Baltic Sea, this quirky account of his whistle-stop tour is for fans who know that football clubs are the beating hearts of the places they play for. There are portraits of the lower levels as well as the big league, stories of then and now that celebrate the characters he met pitch-side. There's Mr Schmidt, who's found a magical fix for the scoreboard at Stahl Brandenburg; Karl Dröessler, who captained Lokomotive Leipzig against Eusebio's Benfica; and the heroes of Magdeburg's European triumph, last seen dancing in white bath robes, now pulling in to a dusty car park by the River Elbe. *The Turning Season* turns its gaze on East German football's magnificent peculiarity, with 14 enchanting stories from a lost league in a country that disappeared.

A dying man's clairvoyant prophesies about his grandson, Jimmy Tock, reveal five terrifying and horrific events, occurring on five different days at different periods in his life, that will turn the young man's world upside down. 600,000 first printing.

Arsène Wenger is leaving Arsenal at the end of the 2018 season. *The Wenger Revolution* is a celebration of his first twenty years with the club. In September 1996 a Frenchman, so little known in English football that fans asked "Arsène Who?", walked into Arsenal. In the subsequent twenty years as manager he transformed the club. A total renovation of the training, stadium, style, economics of the team and the attraction of a global audience has taken place under Wenger's instruction. This fascinating era is chronicled from the very beginning with distinctive photographs taken from inside the inner sanctum of the club by official Arsenal photographer Stuart MacFarlane, who has had privileged access for many years. Award winning journalist Amy Lawrence introduces each section to set the scene. This captivating collection of images is captioned with personal anecdotes from Arsène Wenger himself as he reminisces about the significant moments and people that have defined his time at the club over the last 20 years.

Skip James (1902-1969) was perhaps the most creative and idiosyncratic of all blues musicians. Drawing on hundreds of hours of conversations with James himself, Stephen Calt here paints a dark and unforgettable portrait of a man untroubled by his own murderous inclinations, a man who achieved one moment of transcendent greatness in a life haunted by failure. And in doing so, Calt offers new insights into the nature of the blues, the world in which it thrived, and its fate when that world vanished.
