Online Library Handbook Of Clinical Ophthalmology

One rarely finds a book that should be part of the library of every ophthalmologist, every training center, and every clinical facility. Handbook of Ophthalmology is such a book. It is not a textbook; it is not a dictionary. The text is a well thought out, highly useful, and practical reference for ophthalmologists.

Online Library Handbook Of Clinical Ophthalmology For Eyecare Professionals

To put this powerful information in the hands of clinicians, this handbook was developed to provide a succinct yet comprehensive review of the most essential evidence-based medicine in ophthalmology. This essential text forms a framework for the evidence-based clinical practice of ophthalmic technicians, residents, academic and private practitioners of ophthalmology as well as researchers, optometrists and others.

Online Library Handbook Of Clinical Ophthalmology

It is important for ophthalmologists to keep up to date with the most recent research and advances in their rapidly developing field. This handbook is a compilation of major clinical trials in different subspecialties in the field of ophthalmology. Each trial is presented in a uniform manner, detailing the background and purpose of the study, design, number of subjects with inclusion and exclusion criteria, outcomes, then results and conclusions.
