Revised edition of Financial accounting, [2017]

For introductory courses in Financial Accounting. A User-Focused Approach and Solid Foundation in the Construction and Analysis of Financial Statements for Use in Future Courses and Careers Financial Accounting gives readers a solid foundation in the fundamentals of accounting and the basics of Financial Statements, and then builds upon that foundation to offer more advanced/challenging concepts and problems. This scaffolded approach helps students to better understand the meaning and relevance of financial information, see its relevance within a real-world context, as well as develop the skills needed to analyse financial information in both their course and career. While maintaining hallmark features of accuracy, readability, ease of understanding, and a wealth of accessible algorithmic problems, the 11th Edition includes updated explanations, coverage, and ratio analysis with decision-making guidelines. These latest methodologies and technology ensure that students learn basic concepts in accounting in a way that is relevant, stimulating, and fun, while exercises and examples from real-world companies help students gain a better grasp of the course material.

Contains, for each text chapter: pretest, chapter overview, detailed chapter review - including study tips, practice test questions and demonstration problems with worked-out solutions.

Accounting 9th edition continues the strong reputation established by this leading Australian text as the most comprehensive book for students studying introductory accounting in undergraduate or postgraduate programs. The full-colour design and improved pedagogy provides students with a reader-friendly text to enhance their understanding of concepts and make their study more enjoyable. The text builds on the thorough and reliable explanation of the accounting process through the Business Knowledge chapter vignettes that apply the principles to practice. Previous editions were renowned for the number of exercises and problems, and the new edition builds on this superior teaching feature. The end-of-chapter activities are designed to encourage student confidence through the development of skills in decision making, critical thinking, ethical thinking, analysis and communication.
