~~What is IEC 61508?~~

Parts 1, 2, 3 and 4 of IEC
61508 are designated as IEC
basic safety publications.

This means that IEC
Technical Committees will

have to use these parts in the preparation of each of their own product or application sector international standards that has E/E/PE safety-related systems within its scope. IEC 61508 will therefore

have far reaching
implications across all IEC
application sectors.
