Aiden From the second I saw her, I knew she'd be my ruin. Sitting all alone at the bar, she looked like an angel. Eurydice in human form; her beauty eclipsed by demons. Now, I'm one of them. The ghost she's tried for years to escape. Thinking I wouldn't be able to find her. But I never stopped trying, and now that I have, her past sins should be the least of her worries. Riley From the moment he saw me, I knew I'd ruin his life. Alone at the bar, I dared the monster to come and play. Orpheus in the flesh, with his sad songs and strange obsessions. I became one of them. The siren who calls to the darkest parts of him. Only, I disappeared before he could act on it. But now he's here, and he wants me to repent for my sins. ""* *Vipers and Virtuosos is a full-length, standalone dark rockstar romance inspired by the myth of Orpheus and Eurydice. It is NOT fantasy, historical, or a retelling. If you are not a dark romance reader, this book may not be suitable for you. Reader discretion is advised.

Crafting together the power of words and womanhood, writer Tanya Markul has written a completely unique poetry collection fit for the phenomenal readers of today. In Tanya's words, "May we raise the bar for how we live our lives. May we ridiculously increase the amount of peace, play, creativity, beauty, love, and joy in everything we do. May we all sip from the wisdom of our suffering. And awaken with the courage to share our stories that can heal our inner and outer worlds."

This book follows the social, economic and demographic transformations of the Alpine area from the late Middle Ages. Its aim is to reassess the image of the upland community which emerges from the work of historians, geographers and social anthropologists. The book therefore deals at length with such problems as the causes and consequences of emigration and patterns of marriage and inheritance in favouring or hampering the adjustments of local populations to changing economic or ecological circumstances, and tackles the vexed question of the relative importance of cultural and environmental factors in shaping family forms and community structures. Although its foundation lies in a long period of anthropological fieldwork conducted in an Alpine community, Upland Communities relies on the methods and conceptual tools of historical demography. Combined with a long-term historical perspective, its broad comparative approach unveils an unexpected diversity in regional and spatial demographic patterns and questions a number of deep-rooted but ultimately misleading notions concerning mountain society and its alleged backwardness in the past.

His code name was The Needle. He was a German aristocrat of extraordinary intelligence a master spy with a legacy of violence in his blood, and the object of the most desperate manhunt in history.
