Volume 1 (A and B) of the Yearbook of International Organizations covers international organizations throughout the world, comprising their aims, activities and events

This publication shows designated first-aid providers how to diagnose, treat, and prevent the health problems of seafarers on board ship. This edition contains fully updated recommendations aimed to promote and protect the health of seafarers, and is consistent with the latest revisions of both the WHO Model List of Essential Medicines and the International Health Regulations.–Publisher's description.

Now in its third edition, this authoritative guide covers all of the core aspects of maritime law in one distinct volume. Maritime Law is written by a team of leading academics and practitioners, each expert in their own field. Together, they provide clear, concise and fully up-to-date coverage of topics ranging from bills of lading to arrest of ships, all written in an accessible and engaging style. As English law is heavily relied on throughout the maritime world, this book is grounded in English law whilst continuing to analyse the key international conventions currently in force. Brand new coverage includes: Regulation (EU) No 1215/2012 of the European Parliament and of the Council of 12 December 2012 on jurisdiction and the recognition and enforcement of judgments in civil and commercial matters (recast) The coming into force of the 2006 Maritime Labour Convention and the Merchant Shipping Regulations 2014 The approval of the 2012 edition of the Norwegian Sale Form Regulation 100/2013 heavily amending Regulation 1406/2002 establishing the European Maritime Safety Agency Greater detail on piracy in the Public International Law chapter and discussion of the M/V Louisa, ARA Libertad and Arctic Sunrise cases in the International Tribunal for the Law of the Sea Expanded sections in the marine insurance chapter Analysis of recent cases including Golden Ocean Group Ltd v Salgaocar Mining Industries PVT Ltd; Starlight Shipping Co v Allianz Marine & Aviation Versicherungs AG and Griffon Shipping Ltd. v Firsi Shipping Ltd. This book is a comprehensive reference source for students, academics, and legal practitioners worldwide, especially those new to maritime law or a particular field therein.

Sets forth the principles of shiphandling and their application to specific problems.

Design a complete Voice over IP (VoIP) or traditional PBX system with Asterisk, even if you have only basic telecommunications knowledge. This bestselling guide makes it easy, with a detailed roadmap that shows you how to install and configure this open source software, whether you're upgrading your existing phone system or starting from scratch. Ideal for Linux administrators, developers, and power users, this updated edition shows you how to write a basic dialplan step-by-step, and brings you up to speed on the features in Asterisk 11, the latest long-term support release from Digium. You'll quickly gain working knowledge to build a simple yet inclusive system. Integrate Asterisk with analog, VoIP, and digital telephony systems Build an interactive dialplan, using best practices for more advanced features Dive into voicemail options, such as storing messages in a database Connect to external services including Google Talk, XMPP, and calendars Incorporate Asterisk features and functions into a relational database to facilitate information sharing Learn how to use Asterisk's security, call routing, and faxing features Monitor and control your system with the Asterisk Manager Interface (AMI) Plan for expansion by learning tools for building distributed systems
