A través de arquetipos como el niño, el cabrero o el alguacil, Jesús Carrasco construye un relato duro, salpicado de momentos de gran lirismo. Una novela tallada palabra a palabra, donde la presencia de una naturaleza inclemente hilvana toda la historia hasta confundirse con la trama y en la que la dignidad del ser humano brota entre las grietas secas de la tierra con una fuerza inusitada.

Jesús Carrasco, Writer: Intemperie. Jesús Carrasco is a writer, known for Intemperie (2019) and Página 2 (2007).

Un niño escapado de casa, escucha, agazapado en el fondo de su escondrijo, los gritos de los hombres que le buscan. Cuando la partida pasa, lo que queda ante él es una llanura infinita y árida que deberá atravesar si quiere alejarse definitivamente de aquello que le ha hecho huir. Una noche, sus pasos se cruzan con los de un viejo cabrero y, a partir de ese momento, ya nada será igual para ninguno de los dos. Intemperie narra la huida de un niño a través de un país castigado por la sequía y gobernado por la violencia. Un mundo cerrado, sin nombres ni fechas, en el que la moral ha escapado por el mismo sumidero por el que se ha ido el agua. A través de arquetipos como el niño, el cabrero o el alguacil, Jesús Carrasco construye un relato duro, salpicado de momentos de gran lirismo. Rannicchiato sul fondo di un nascondiglio, un bambino ascolta le grida degli uomini che lo cercano. Quando se ne vanno, davanti a lui si apre una pianura sconfinata e arida, che dovrà attraversare se vorrà allontanarsi una volta per tutte da ciò che lo ha indotto a fuggire. Una notte il suo cammino incrocia quello di un vecchio capraio e da quel momento per entrambi nulla sarà più lo stesso. Un bambino, un capraio, un ufficiale di giustizia: è tutto così scarno e essenziale in questo romanzo da assumere una dimensione mitica; una storia commovente che è solo la superficie di un oceano profondo, oscuro e carico di suggestioni, al cui centro si staglia la figura di un bambino in fuga. Un racconto senza tempo, ambientato in un luogo legato alle radici mediterranee e alla memoria di tutti noi, che fa tornare il lettore bambino. Un romanzo che parla all'essere umano con acume e profondità; un protagonista unico che riesce a mantenere la sua purezza. Una storia universale.

"A harrowing, humane, and very beautiful book." –Garth Greenwell, author of *What Belongs to You* A searing dystopian vision of a young boy's flight through an unnamed, savaged country, searching for sanctuary and redemption—a debut novel from one of Europe's bestselling literary stars. A young boy has fled his home. He's pursued by dangerous forces. What lies before him is an infinite, arid plain, one he must cross in order to escape those from whom he's fleeing. One night on the road, he meets an old goatherd, a man who lives simply but righteously, and from that moment on, their paths intertwine. *Out in the Open* tells the story of this journey through a drought-stricken country ruled by violence. A world where names and dates don't matter, where morals have drained away with the water. In this landscape the boy—not yet a lost cause—has the chance to choose hope and bravery, or to live forever mired in the cycle of violence in which he was raised. Carrasco has masterfully created a high stakes world, a dystopian tale of life and death, right and wrong, terror and salvation.

They are organized in the following topical sections: artificial intelligence techniques and recognition; pattern recognition techniques; neural networks and deep learning; computer vision; image processing and analysis; and medical applications of pattern recognition.

Since Mentor, Telemachus' advisor in Homer's *Odyssey*, gave name to the figure of the 'wise teacher,' fictional representations of mentoring have permeated classic and contemporary cultural texts of different literary genres such as fiction, poetry, and life writing. The contributions of this volume explore wisdom in old age through a series of narratives of mentorship which, either from a critical or a personal perspective, undermine ageist views of later life.

This book brings together recent Spanish fictions and films that point to individualism as the root problem driving diverse circumstances of social, economic, and psychological suffering in the present and recent past. The works privilege sensation, movement, and emotion—rather than identity—as the core elements of existential experience. However, the works also problematize notions of intersubjectivity, confronting ideals of affective immersion and cultural nomadism with the concrete contexts that shape particular lives and social formations. This confrontation underlies a series of 'crossroads', or productive engagements, that guide the book's five main chapters: locally rooted identity and global cultural circuits; historical contexts and universal modes of being; personal authenticity and consumer culture; migration and cultural identity; Spain's historical underdevelopment and impending future crises. All of these issues make affective connection and attachment the greatest existential challenge facing individuals and collectives in the contemporary world, both in Spain and elsewhere.
