iRacing setup: quick start guide for beginners

Setups are an extremely important part of iRacing. They can mean the difference between first and last so it is important to be able to get a good setup for the car and track combo that you're racing. Not all series require setups as many of the beginner-friendly series are fixed setups, meaning that everyone is driving the same car.

The "ULTIMATE" Racing Car Chassis Setup Guide and Tutorial
In 2008, iRacing hit the scene during a period where sim-racing had become stagnant. Their mission: create the most realistic racing simulation to date. With this mission in mind, the iRacing team created the most complex sim-racing setup garage ever. Older garages had simple settings such as ride height, wedge, springs, etc.

iRacing Stock Car Setup Component Guide

iRacing Setup Sync (or iRSS for short) is a Windows application that attempts to automate most of the tedious work around storing and managing your setups. It operates on a large database of setups, which is synced to most of the popular Setup Shops on the forum and therefore always contains the latest setups, even those shared on the forums.
