to find, through no fault of her own, that her life had changed dramatically. Tracey was a young working mum. Now she has Locked-in Syndrome and this book is about how it changed her life. Tracey spelt out what she wanted to say using her eyes and a letter board. Other people typed it up, but these are Tracey's words and this is Tracey's story. Tracey tells of her experiences in hospitals and care homes and of various medical treatments, having to make profound adjustments to being disabled and unable to move or speak, but also having to find new ways of relating to her young daughter, to her parents and to her friends. This is a rare story because the challenges of living with Locked-in Syndrome are profound and are unique to each individual. Tracey's is a story of one woman's courage that will move readers and, at times, will provide insight for those who work with and care for people with

Sammy Woodhouse was just 14 when she met Arshid Hussain. Ten years older, he promised to take care of her. Sammy thought she was in love, but in reality she was being groomed by a ringleader of

Britain's most notorious child sex ring. Just A Child tells the heartbreaking story of how a young girl from Rotherham was abused by her drug-dealing "boyfriend," eventually giving birth to his baby, right under the nose of the very authorities who were meant to protect her. When reality dawned and Sammy realized she was one of countless vulnerable child victims--many of whom were trafficked around the north of England--she took it upon herself to blow the whistle and save others from a similar fate. Thanks to Sammy's bravery, the gang was fully exposed, as well as the authorities that did little to help her. Her shocking account of how these events came to pass will enrage and sadden but, above all, it will offer hope and show why this must never happen again.
