## Shell Game

The Kingdom Keepers' senior year in high school is almost over. For more than three years, things have been quiet. Their battles are long behind them, they agree, the threat to the Disney realm silenced—albeit at great cost. But inside the catacombs of the Aztec temple where Finn Whitman faced down his nemesis, the monstrous Chernabog, a new threat brews. Deception and betrayal rock the Kingdom Keepers as the merciless group of Disney villains known as the Overtakers stage an unexpected comeback. But a discovery by the Keepers provides them with one hope of victory—a lost icon. It was believed to be gone forever. The Keepers have one last chance to preserve the heart of the Kingdom—Disneyland—from a terrifying destruction decades in the making.

Five young teens tapped as models for theme park “guides” (using a new hologram technology developed by the Disney Imagineers) find themselves pitted against Disney villains and witches that threaten both the future of Walt Disney World and the stability of the world outside its walls. Featuring a new cover design and additional content!

Jez, disappears. The only clue is the sighting of a wild monkey in the Magic Kingdom during the storm. The mystery deepens as Finn is contacted by Wayne, an old man he hasn't heard from in months. Wayne tells Finn that there's trouble at the Animal Kingdom: the evil Overtakers have gained control of one of the computer servers that will be used to operate Daylight Holographic Imaging there. That means that if any of the holographic hosts fall asleep, they will go into comas—permanently. Filled with action and brimming with the same meticulous detail as *The Kingdom Keepers: Disney After Dark*, this second book in the series—*The Rise of Chernabog*—is the result of hands-on research behind the scenes at Disney's Animal Kingdom Park. Young and older readers alike will get a glimpse into a second Disney kingdom. The wild rides have only just begun; and the clock is ticking. How long can the teens keep themselves awake in their quest to find their friend—and what happens if they fail?

When Amanda travels east to Orlando on a hunch, she's met with the worst news possible. Kingdom Keeper Finn Whitman is missing. Calling on her own gift (she's telekinetic), her sister Jess's ability to dream the future, and their fellow Fairlie Mattie Weaver's unexplained ability to read minds through physical contact, the three gifted girls must navigate treachery, deception, and the stubborn, unwilling

Collecting books 1-3 of the New York Times best-selling series! When Disney Imagineers installed hologram guides for the Magic Kingdom using five teenage models, they had no idea the technology might backfire. But backfire it did: some nights when the kids go to sleep, they wake up in one of the Disney parks as a hologram. Soon the five young teens find themselves pitted against Disney villains and witches that threaten both the future of Walt Disney World and the stability of the world outside its walls. As this fantastical thriller evolves, Finn and his friends must use their new skills to protect other Disney Parks, traveling to the Animal Kingdom, Hollywood Studios, Epcot, and more! This gripping high-tech tale will thrill every kid who has ever dreamed of sneaking into Disney parks after hours or wondered what happens at night when the parks are closed.

With the defeat of the Overtakers behind them, the five teenagers known as the Kingdom Keepers should be celebrating. By all accounts they saved Disneyland from certain destruction. Why then did their mentor leave one last puzzle for them to decipher? The Keepers must solve a puzzle of the past, or be crushed under an evil that makes the Overtakers seem like gentle souls.
