Home For All Things Kiting. Founded in 1964 by the late Robert M. Ingraham of New Mexico, the American Kitefliers Association (AKA) has thousands of members in 25 countries, making it the largest association of kite fliers and kite clubs in the world. Our purpose is to educate the public in the art, history, technology, and practice of building and flying kites – to advance joys and values of kiting in all nations.

The kite flyers create lift, drag, and thrust with various walking patterns, arm movements, and spinning to make the indoor kite flying experience like a dance. Whether inside or out it doesn't matter whether the wind moves over the surface of the kite or the kite is pulled through the air — lift must overcome weight and thrust must overcome drag to keep the kite soaring.

Flying kites is a fun way to spend a windy spring or summer afternoon. If you are a beginner, start with a single line delta or diamond kite. If you are looking for a challenge, then try a dual string box or parafoil kite. Always fly your kite in open spaces, away from trees and power lines.

### *4 Ways to Fly a Kite - wikiHow*

Kites can be flown at any time of the year as long as the wind is right. It is recommended that you observe the wind range for your type of kite. Do not fly a kite on days when the wind is too strong for the type of kite you are flying. This will only damage the kite.
