In Latin America, the first edition of the Brazilian Symposium on Fault-Tolerant Computers (SCTF) was held in 1985 and took place for 18 consecutive years. In 2003 it evolved into the Latin American Symposium on Dependable Computing, which has since been held in multiple countries.

A Tour of Dependable Computing Research in Latin America ...

Abstract. This paper investigates the effects that the increase in the importation of machinery parts and components and the changes in the supplier composition had in the trade of final products and parts and components inside Latin America. In our analysis, we consider these effects according to two dimensions: a quantity one that captures whether there was an intensification of trade and a quality one that captures changes in the sophistication of the traded goods.

Machinery production networks in Latin America: a quantity ...

Finally, the share of machinery in Latin American exports and imports of manufactured products in 1996 was approximately 49.5 and 55.8%, respectively, while in 2011, the shares increased to 55.5 and 56.7%, respectively. Therefore, machinery is the most important industry in the region's manufacturing trade. 2
