Since its first publication in 1996, Law and Morality has filled a long-standing need for a contemporary Canadian textbook in the philosophy of law. Now in its third edition, this anthology has been thoroughly revised and updated, and includes new chapters on equality, judicial review, and terrorism and the rule of law.

It includes articles, readings, and cases in legal philosophy that give students the conceptual tools necessary to consider the general problems of jurisprudence. The collection begins with general questions about morality and law, drawing on both traditional literature on legal positivism and contemporary debates about the role of law as a tool in pursuit of equality.

He felt that society had a certain moral standard, which the law had a duty to support, as society would disintegrate without a common morality and this morality should be protected by the law. In this debate Devlin stated “individual liberty could only flourish in a stable society; disintegration of our society through lack of shared morality would, therefore, threaten individual freedom.”
Law and Morality

The main difference between law and morality is that law refers to the set of rules and regulations enforced by the state to regulate the human behaviour in society whereas morality refers to the ethical code of conduct for a human being. Hence, morality stands are the basis for the law while morality is ensured by living according to the law. Law and morality are extrinsically related, and ...

In ethics. In ethics when discussing behavior and morality, an individual is said to possess the virtue of integrity if the individual's actions are based upon an internally consistent framework of principles. These principles should uniformly adhere to sound logical axioms or postulates. One can describe a person as having ethical integrity to the extent that the individual's actions, beliefs...
