Linux Pocket Guide Essential

Commands

A pocket sized guide to the essential commands of Linux.

While specific to an older version of Fedora, this is still a very handy

reference. All the essential commands are covered and

explained. This is a small

book with a limited purpose and it achieves its goals.

More or less indispensable

for the Linux user. Jerry

?Linux Pocket Guide on Apple Books

This pocket guide helped me get a job! Really! I needed a book to review Linux commands, so I purchased this to read on the plane. Sure, I've been a Unix / Linux Engineer for 20 years and have done coding, but wanted a quick refresh of commands. While flying to the job interview, I quickly read through this guide.
