Macroeconomics | 2nd edition | Pearson
 That ability to communicate economic concepts clearly and engagingly is at the heart of Macroeconomics, coauthored by Krugman and Robin Wells. The new Second Edition of this bestselling introductory level text (available January 2009) offers more of Krugman's signature voice, more coverage of policy, and an extraordinary amount of new examples and explanations, as well as a number of content and organizational changes that are meeting the approval of instructors nationwide.

Macroeconomics—2nd Edition- 9780134492056- Economics
 Book details. Principles of Macroeconomics 2e covers the scope and sequence of most introductory economics courses. The text includes many current examples, which are handled in a politically equitable way. The outcome is a balanced approach to the theory and application of economics concepts. The second edition has been thoroughly revised to increase clarity, update data and current event impacts, and incorporate the feedback from many reviewers and adopters.
