A manual transmission (also known as
a manual gearbox; abbreviated as MT)

Bookmark File PDF Manual Transmission Gearbox

is a multi-speed transmission where gear changes require the driver to select the gears by manually operating a gear stick and clutch (which is usually a foot pedal for cars, or a hand lever for motorcycles).

[Manual transmission - Wikipedia](#)

Bookmark File PDF Manual Transmission Gearbox

The gearbox is the second stage in the transmission system, after the clutch. It is usually bolted to the rear of the engine, with the clutch between them. Modern cars with manual transmissions have four or five forward speeds and one reverse, as well as a neutral position.
