Publisher's Note: Products purchased from 3rd Party sellers are not guaranteed by the Publisher for quality, authenticity, or access to any online entitlements included with the product. Build the critical thinking capabilities essential to your success with this captivating, case-based approach. Maternity, Newborn, and Women's Health Nursing: A Case-Based Approach brings the realities of nursing practice to life and helps you acquire the understanding and clinical reasoning skills to ensure effective patient-centered care. This innovative text immerses you in realistic, case-based narratives that help you experience maternity, newborn, and women's health nursing concepts from the patient's perspective and confidently prepare for your clinical rotations. Accompanying units leverage these patient stories to enrich your understanding of key concepts and reinforce their clinical relevance, giving you unparalleled preparation for the challenges you'll face in your nursing career. Powerfully written case-based patient scenarios instill a clinically relevant understanding of essential concepts to prepare you for clinicals. Nurse's Point of View sections in Unit 1 help you recognize the nursing considerations and challenges related to patient-based scenarios. Step-by-Step Skills tutorials clarify common procedures. Unfolding Patient Stories, written by the National League for Nursing, foster meaningful reflection on commonly encountered clinical scenarios. Analyze the Evidence callouts present conflicting research to hone your critical thinking capabilities. Patient Teaching boxes highlight important information to communicate to patients. Lab Values help you recognize the significance of out-of-range values and make appropriate nursing interventions. The Pharmacy features detail essential pharmaceutical information at a glance. Interactive learning resources, including Practice & Learn Case Studies and Watch & Learn Videos, reinforce skills and challenge you to apply what you've learned. Learning Objectives and bolded Key Terms help you maximize your study time. Think Critically questions instill the clinical reasoning and analytical skills essential to safe patient-centered practice. Suggested Readings point you to further research for more information and clinical guidance.

Canadian Maternity and Pediatric Nursing prepares your students for safe and effective maternity and pediatric nursing practice. The content provides the student with essential information to care for women and their families, to assist them to make the right choices safely, intelligently, and with confidence.

Designed to meet the needs of today's students, Lowdermilk's Maternity Nursing, 8th Edition - Revised Reprint addresses the fundamentals of maternity nursing with a concise, focused presentation of the care of women during the childbearing years. Integrating considerations for family, culture, and health promotion into the continuum of care, it also addresses community-based care to emphasize that nursing care takes place in many settings. Maternity Nursing focuses on childbearing issues and concerns, including care of the newborn, as well as wellness promotion and management of common women's health problems. Critical thinking exercises present case studies of real-life situations and corresponding critical thinking questions to help you develop your analytical skills. NEW! A helpful appendix identifies text content that reflects the QSEN competencies - patient-centered care, teamwork and collaboration, evidence-based practice, quality improvement, safety, and informatics - to assist you in developing competencies to provide safe and effective nursing care. NEW! Focus on the family recognizes the nurse's need to integrate the family in the care of the mother and newborn and the importance of the role of the mother to the wellbeing of the family. NEW! Content updates throughout, including information on the late preterm infant and associated concerns such as feeding; guidelines on prioritization and delegation where relevant; and centering pregnancy, a new model of health care that brings women together in groups for their care. NEW! Evidence-based practice content focuses your attention on how to use current research to improve patient outcomes. NEW! Improved readability helps you learn more efficiently with shorter, more focused content discussions. NEW! 21st Century Maternity Nursing: Culturally Competent, Community Focused chapter combines introductory material, culture, and community into one chapter to help you focus on key content and concepts. NEW! Streamlined content highlights the most essential, need-to-know information.

Get the accurate, practical information you need to succeed in the classroom, the clinical setting, and on the NCLEX-RN! examination. Written by the foremost experts in maternity and pediatric nursing, the user-friendly Maternal Child Nursing Care, 6th Edition provides both instructors and students with just the right amount of maternity and pediatric content. This new edition includes updated case studies within Nursing Care Plans, as well as a new chapter on pediatric cancer. Focus on the family throughout emphasizes the influence of the entire family in health and illness. Focus on the family throughout emphasizes the influence of the entire family in health and illness. Expert authors of the market-leading maternity and pediatric nursing textbooks combine to ensure delivery of the most accurate, up-to-date content. Critical thinking case studies offer you opportunities to test and develop your analytical skills and apply knowledge in various settings. Nursing Care Plans include rationales for interventions and provide you with an overview and specific guidelines for delivering effective nursing care. Nursing Alerts highlight critical information that you need to know when treating patients. Guidelines boxes outline nursing procedures in an easy-to-follow format. Emergency boxes in the maternity unit guide you through step-by-step emergency procedures. Home Care boxes detail important information that you need to deliver care to patients and families in the home setting. A traumatic Care boxes in the pediatric unit teach you how to provide competent and effective care to pediatric patients with the least amount of physical or psychological stress. Community Focus boxes emphasize community issues, provide resources and guidance, and illustrate nursing care in a variety of settings. Patient Teaching boxes in the maternity unit highlight important information nurses need to communicate to patients and families. Cultural Competence boxes equip you with the knowledge you need to deliver culturally competent care. Family-Centered Care boxes draw attention to the needs or concerns of families that you should consider to provide family-centered care. Medication Guides serve as an important reference of drugs and their interactions. NEW! New chapter on pediatric cancer gives you the most up-to-date information on the latest topics. EXPANDED! Additional information on sexuality in the maternity section. EXPANDED! More content on spirituality in the family, culture, and spiritual chapters. EXPANDED and UPDATED! New content about LBGTQ+ included in the Transition to Parenthood chapter. NEW! Information on victims of sexual abuse as parents and human trafficking helps prepare you to handle these delicate issues. NEW and UPDATED! Case studies emphasize interprofessional care, demonstrating how nursing must collaborate with other health care disciplines to provide the most comprehensive care possible to women and children. UPDATED! Nursing Care Plans now incorporate case studies to personalize interventions and promote critical thinking.

LEARN-APPLY-ASSESS Davis Advantage for Maternal-Child Nursing Care combines an innovative text with an immersive online program that make this challenging but must-know content easier to master by making learning personal. Together, they create a seamless experience that tracks each student's progress and assesses their knowledge until they have mastered the concepts and are ready to apply them in class, clinical, and practice. An access code inside new, printed textbooks unlocks an ebook, as well as access to Davis Advantage. Or choose the all-digital Instant Access option, which includes the ebook and immediate access to Davis Advantage.

Finally! A new OB/peds textbook that focuses on what LPNs must know. You'll find just the right depth and breadth of coverage with a focus on the knowledge and skills that LPNs need to know to practice safely.
