Testing out of college courses using programs like the College Level Examination Program (CLEP) can provide students with college credit for subjects that they have not studied on a college campus but have mastered by other means (independent study, on-the-job training, and previous coursework) and it will save time and money. But how will a student know if this approach is right for them? This guide is intended to answer that question for students who are interested in taking CLEP's Principles of Microeconomics. It provides general information on the CLEP program along with suggestions on how to preparing for the exam. There is a subject breakdown of Principles of Microeconomics exam, the topics that will be covered and a list of online resources which can be used to study or review these topics. There are two practice tests; each is structured like the official exam with 80 multiple choice questions. Each practice test comes with an answer key and an explanation section on the reason why each answer is the right one.

The Microeconomics Passbook(R) prepares you for your test by allowing you to take practice exams in the subjects you need to study. It provides hundreds of questions and answers in the areas that will likely be covered on your upcoming exam.

Cracking the AP Economics Macro & Micro Exams, 2020 Edition, provides students with lists of key AP Economics Macro & Micro terms in every chapter, winning strategies to help crack the multiple-choice section, a guide to making free-response graphs that work, and much more.
