In Iraq, near 2 million are displaced.

**Desperate Migration in the Middle East | YaleGlobal Online**

Among the key themes covered in the Middle East region are the profiles, intentions, risks, socio-economic conditions and vulnerabilities of people in mixed migration flows as well as those stranded or stuck in protracted displacement.

**Middle East | Mixed Migration Centre**

The Middle East and North Africa span both poles of migration: as countries of migrant destination, particularly in the Gulf Cooperation Council countries, and as countries of migrant origin. The region has a large supply of young, active workers, with more than 20 million migrants working elsewhere in the region or in Europe.

**Middle East & North Africa | migrationpolicy.org**

Besides economic factors, war and international politics have influenced migration in the Middle East since World War I. Humphrey and Tabutin et al. have argued that the ethnic and religious diversity of the Middle Eastern diasporas in Europe, North America, and Australia is an indication of the level of ethnic conflict that occurred in the process of carving out nation-states from a multiethnic empire under the impact of European colonialism. There are many examples of how wars and ...

Between 2005 and 2015, the number of migrants living in the Middle East more than doubled, from about 25 million to around 54 million (Connor 2016a). Two are the main reasons for migration during this period: the search for economic opportunities and the existence of regional conflicts. Middle East Economic Growth and Economic Opportunities

**Demography, Migration and Security in the Middle East**

A focus on individual narratives of migration, integration and compromise of the four major forced migrant groups in the Middle East – the Circassians, Kurds, Armenians and Palestinians – contributes to developing understanding of the coping strategies and mechanisms adopted by these societies and helps explain the relationship between politics, forced migration and identity formation in the region.

**Dispossession and Forced Migration in the Middle East ...**

The Middle East currently is both the source and recipient of the largest numbers of refugees and internally displaced persons (IDPs) globally. While Syria and Yemen are at the core of the largest-scale displacements at the moment, there is significant displacement in and from other countries too, as far apart as Iraq and Libya.

**Displacement in the Middle East | Forced Migration Review**

Middle Easterners are one of the fastest growing immigrant groups in America. While the size of the overall immigrant population (legal and illegal) has tripled since 1970, the number of immigrants from the Middle East has grown more than seven-fold, from fewer than 200,000 in 1970 to nearly 1.5 million in 2000.

**Immigrants from the Middle East - CIS.org**

They examine the situation of migrants in the Middle East and Asia as one that encompasses both exclusion and inclusion, addressing related concepts of empowerment, ethnocracy, the feminisation of migration and gendered geographies of power, liberal constraint and multiculturalism, individual agency, migrant-friendly discourses, spaces of emancipation and spaces of insecurity.

**International Labour Migration in the Middle East and Asia ...**

The Middle East and North Africa region accounts for more displacement than any other. Six million Syrians have been internally displaced, and over 4.8 million are refugees outside of Syria—around half of Syria's pre-war population. The Iraq conflict displaced 4.4 million people internally and created more than a quarter of a million refugees.
