A good columnist needs to have lots of ideas to write about people and issues that affect them. This volume will show young writers how curiosity and close observation of the world around them can turn into a column with a distinctive voice, whether they are writing an editorial, a review, a sports column, or a humorous piece. Studying examples from famous columnists or fellow student journalists can help writers develop their own style. Other types of columns, such as letters to the editor and surveys, are also discussed.

This book features selected papers presented at the 2nd International Conference on Advanced Computing Technologies and Applications, held at SVKM ' s Dwarkadas J. Rachel Ritterbusch ' s Practical Approaches to Teaching Film is a collection of essays focusing on the use of film in settings ranging from an introductory film class to an upper-division Women ' s Studies course. Drawing on their experience in the classroom, contributors to this anthology show how movies can be used to promote critical thinking, create an awareness of the male gaze, challenge dominant ideology, and unmask the constructedness of film. This volume treats a wide variety of film texts, from box-office hits like The Da Vinci Code to underappreciated art films such as Susan Streitfeld ' s Female Perversions; from P  p   le Moko and other French classics to more contemporary francophone works like Chaos and Rosetta; from self-reflexive films that interrogate the act of filmmaking itself to those that draw attention to the phallicentric nature of cinematic apparatus. Common to all these essays is the belief that, if used judiciously, film can be a valuable pedagogical tool. Aimed both at those currently teaching film and those wishing to do so, this volume provides practical support in the form of sample syllabi, assignments, and a glossary of film terms.

Rachel Ritterbusch ' s Practical Approaches to Teaching Film is a collection of essays focusing on the use of film in settings ranging from an introductory film class to an upper-division Women ' s Studies course. Drawing on their experience in the classroom, contributors to this anthology show how movies can be used to promote critical thinking, create an awareness of the male gaze, challenge dominant ideology, and unmask the constructedness of film. This volume treats a wide variety of film texts, from box-office hits like The Da Vinci Code to underappreciated art films such as Susan Streitfeld ' s Female Perversions; from P  p   le Moko and other French classics to more contemporary francophone works like Chaos and Rosetta; from self-reflexive films that interrogate the act of filmmaking itself to those that draw attention to the phallicentric nature of cinematic apparatus. Common to all these essays is the belief that, if used judiciously, film can be a valuable pedagogical tool. Aimed both at those currently teaching film and those wishing to do so, this volume provides practical support in the form of sample syllabi, assignments, and a glossary of film terms.

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

In 1999, the first new Star Wars movie in sixteen years came to theater screens worldwide. Leading up to the release of the film, the hype and media coverage reached epic proportions. The Phantom Menace graced every cover from Vanity Fair to Newsweek to Entertainment Weekly. Fans began camping in line for more than a month in Los Angeles just to be first to see the new film.Anticipation tells the real-life story of a movie that faced expectations unlike those of any other film in history, but had the advantage of years of anticipation and excitement from eager fans and the public. The Phantom Menace deserves a place in film history not only as the most anticipated film ever made, but also for its place as the first film presented to the public with digital projection technology, its status as one of the highest grossing films ever made, and the unbelievable devotion of thousands of fans who demonstrated the great meaning movies can have to people of all ages and social backgrounds.
