~~Financial accounting is the branch of accounting that keeps track of a company's financial transactions resulting from business operations. These are presented in the form of financial reports or statements such as Profit & Loss Account, Trail Balance or Balance Sheets. These reports are used to inform outside stakeholders such as investors, creditors and tax authorities to understand the company's business performance.~~

Tulsian's Quick Revision for Financial Accounting is a self-study handbook. Loaded with practical questions, this book is a perfect revision text - comprises structured questions based on pattern and scheme adopted in examinations.

accountancy. Taking into account time pressures, the kit covers the exam syllabus - as applied to the requirements of the exam itself, and where possible, highlights key examinable topics.

Financial Accounting provides a comprehensive coverage to course requirements of students appearing in the paper Financial Accounting at BCom, BCom (Hons) examinations of different Indian universities and Foundation Examination (NS) of the Institute of Company Secretaries of India. The book is divided into four sections: Section I explains the fundamental principles necessary for understanding the subject. It covers the entire accounting cycle—from recording of financial transactions to the preparation of final accounts. Section II deals with accounting problems related to certain specific types of business transactions. Section III deals with partnership accounts. Section IV provides suggested answers to recent examinations' questions.
