(Applause Libretto Library). This 1995 Pulitzer Prize-winning musical was inspired by the painting *A Sunday Afternoon on the Island of La Grande Jatte* by Georges Seurat. A complex work revolving around a fictionalized Seurat immersed in single-minded concentration while painting the masterpiece, the production has evolved into a meditation on art, emotional connection, and community. This publication contains the entire script of the musical. "Sunday is itself a modernist creation, perhaps the first truly modernist work of musical theatre that Broadway has produced ... a watershed event that demands nothing less than a retrospective, even revisionist, look at the development of the serious Broadway musical." Frank Rich, *The New York Times Magazine*

A behind-the-scenes look at the making of the iconic musical *Sunday in the Park with George* Putting It Together chronicles the two-year odyssey of creating the iconic Broadway musical *Sunday in the Park with George*. In 1982, James Lapine, at the beginning of his career as a playwright and director, met Stephen Sondheim, nineteen years his senior and already a legendary Broadway composer and lyricist. Shortly thereafter, the two decided to write a musical inspired by Georges Seurat's nineteenth-century painting *A Sunday Afternoon on the Island of La Grande Jatte*. Through conversations between Lapine and Sondheim, as well as most of the production team, and with a treasure trove of personal photographs, sketches, script notes, and sheet music, the two Broadway icons lift the curtain on their beloved musical. *Putting It Together* is a deeply personal remembrance of their collaboration and friendship and the highs and lows of that

journey, one that resulted in the beloved Pulitzer Prize-winning classic.

The Stephen Sondheim Encyclopedia is the first reference volume devoted to the works of this prolific composer and lyricist. The encyclopedia's entries provide readers with detailed information about Sondheim's work and key figures in his career, including his apprenticeship, his early work with Leonard Bernstein, and his work on television.

The first in-depth look at the work and career of one of the most important figures in the history of musical theater.

Picking up where he left off in "Finishing the Hat", Sondheim richly annotates his lyrics with personal and theatre history, discussions of his collaborations, and exacting, charming dissections of his work -- both the successes and the failures.

Stephen Sondheim and James Lapine's beloved musical masterpiece becomes a major motion picture, starring Meryl Streep and Johnny Depp.

From West Side Story in 1957 to Road Show in 2008, the musicals of Stephen Sondheim and his collaborators have challenged the conventions of American musical theater and expanded the possibilities of what musical plays can do, how they work, and what they mean. Sondheim's brilliant array of work, including such musicals as Company, Follies, Sweeney Todd, Sunday in the Park with George, and Into the Woods, has established him as the preeminent composer/lyricist of his, if not all, time. Stephen Sondheim and the Reinvention of the American Musical places Sondheim's work in two contexts: the exhaustion of the musical play and the postmodernism that, by the 1960s, deeply influenced all the American arts. Sondheim's musicals are central to the transition from the Rodgers and Hammerstein-style musical that had dominated Broadway stages for twenty years to a new postmodern musical. This new style reclaimed many of the self-aware, performative techniques of the 1930s musical comedy to develop its themes of the breakdown of narrative knowledge and the fragmentation of identity. In his most recent work, Sondheim, who was famously mentored by Oscar Hammerstein II, stretches toward a twenty-first-century musical that seeks to break out of the self-referring web of language. Stephen Sondheim and the Reinvention of the American Musical offers close readings of all of Sondheim's musicals and finds in them critiques of the operation of power, questioning of conventional systems of knowledge, and explorations of contemporary identity.
