The death of Michael Brown at the hands of a white Ferguson police officer has uncovered an apparent legitimacy crisis at the heart of American policing. Some have claimed that de-policing may have led officers to become less proactive. How exactly has the policing of gangs and violence changed in the post-Ferguson era? This book explores this question, drawing on participant observation field notes and in-depth interviews with officers, offenders, practitioners, and community members in a Southern American state. As demands for police reform have once again come into focus following George

point of view that police are primarily responsible for enforcing law and only indirectly responsible for the resolution of social problems. The authors acknowledge the importance of strengthening police-community relationships. Such relationships have a direct bearing on the character of life in cities and on a community's ability to maintain stability and solve its problems. At the same time, a police department's ability to deal with crime depends to a large extent upon its relation with citizens. Since a community's attitude toward the police is influenced by the actions of individual
