Not only is the study of corruption prone to moralism, but it involves one of those aspects of government in which the interests of the politician and the political scientist are likely to conflict. It would probably be rather difficult to obtain (by honest means) a visa to a developing country which is to be the subject of a corruption study.

Corruption and Political Development: A Cost-Benefit ---

Corruption is an ethical and moral problem not subject to a consistent theoretical construct, because it varies from place to place, time to time, culture to culture and with the level of development in given country (Aremu, 2013). While one can say that corruption is a global phenomenon, the degree of corruption varies.

POLITICAL CORRUPTION AND NATIONAL DEVELOPMENT IN ---myProject

CORRUPTION AND POLITICAL DEVELOPMENT 419 capacity of a society's governmental structures and processes to maintain their legitimacy over time (i.e., presumably in the face of social change). This allows us to see develop-ment as a moving equilibrium and avoid some of the limitations of equating development and modernization. Of course, this definition does
