Public Relations: The Profession and the Practice ...

Public relations is the practice of deliberately managing the release and spread of information between an individual or an organization and the public. Public relations and publicity differ in that PR is controlled internally, whereas publicity is not controlled and contributed by external parties. Public relations may include an organization or individual gaining exposure to their audiences using topics of public interest and news items that do not require direct payment. This differentiates i

Public relations - Wikipedia

According to The Global Public Relations Handbook, public relations evolved from a series of "press agents or publicists" to a manner of theory and practice in the 1980s. Research was published in academic journals like Public Relations Review and the Journal of Public Relations Research. This led to an industry consensus to categorize PR work into a four-step process: research, planning, communication and action.
