Tony Hoagland, the author of *What Narcissism Means to Me* Live American poetry is absent from our public schools. The teaching of poetry languishes, and that region of youthful neurological terrain capable of being ignited only by poetry is largely dark, unpopulated, and silent, like a classroom whose shades are drawn. This is more than a shame, for poetry is our common treasure-house, and we need its vitality, its respect for the subconscious, its willingness to entertain ambiguity, its plaintive truth-telling, and its imaginative exhibitions of linguistic freedom, which confront the general culture's more grotesque manipulations. We need the emotional training sessions poetry conducts us through. We need its previews of coming attractions: heartbreak, survival, failure, endurance, understanding, more heartbreak. —from "Twenty Poems That Could Save America" *Twenty Poems That Could Save America* presents insightful essays on the craft of poetry and a bold conversation about the role of poetry in contemporary culture. Essays on the "vertigo" effects of new poetry give way to appraisals of Robert Bly, Sharon Olds, and Dean Young. At the heart of this book is an honesty and curiosity about the ways poetry can influence America at both the private and public levels. Tony Hoagland is already one of this country's most provocative poets, and this book confirms his role as a restless and perceptive literary and cultural critic.

The *Underground Poetry Metro Transportation System for Souls* collects 16 essays by late Tony Hoagland. Gathered by Hoagland himself into a volume for the *Poets on Poetry* series, these pieces grapple with an expansive range of poetic and cultural

concerns—and the surprising and necessary knowledge to be found where they cross paths. His trademark humor and irony, at once approachable, thoughtful, and sophisticated, lead the way toward clear-eyed, sometimes difficult, considerations of contemporary American culture. Through his curiosity, he elevates the seemingly quotidian into a profound subject worthy of close consideration. Hoagland's generosity of spirit imbues his work with empathy for experiences beyond his own, and his honesty allows him to turn a critical eye on himself and to acknowledge the limits of his understanding. This collection will be rewarding not just for readers of contemporary poetry, but for anyone who wants to step back, take a look at our American reality, and know we'll be okay.

An award-winning poet, teacher, and “champion of poetry” (New York Times) demystifies the elusive element of voice. In this accessible and distilled craft guide, acclaimed poet Tony Hoagland approaches poetry through the frame of poetic voice, that mysterious connective element that binds the speaker and reader together. A poem strong in the dimension of voice is an animate thing of shifting balances, tones, and temperatures, by turns confiding, vulgar, bossy, or cunning—but above all, alive. The twelve short chapters of *The Art of Voice* explore ways to create a distinctive poetic voice, including vernacular, authoritative statement, material imagination, speech register, tone-shifting, and using secondary voices as an enriching source of texture in the poem. A comprehensive appendix contains thirty stimulating models and exercises that will help poets cultivate their craft. Mining his personal experience

subject, these essays are, at the core, passionate and thoughtful meditations on the place of poetry in contemporary culture. *Poets Teaching Poets* will be an invaluable tool for teachers and students of poetry and poetics at every level. The eagerly awaited, brilliant, and engaging new poems by Tony Hoagland, author of *What Narcissism Means to Me* The parade for the slain police officer goes past the bakery and the smell of fresh bread makes the mourners salivate against their will. —from "Note to Reality" Are we corrupt or innocent, fragmented or whole? Are responsibility and freedom irreconcilable? Do we value memory or succumb to our forgetfulness? *Application for Release from the Dream*, Tony Hoagland's fifth collection of poems, pursues these questions with the hobnailed abandon of one who needs to know how a citizen of twenty-first-century America can stay human. With

whiplash nerve and tender curiosity, Hoagland both surveys the damage and finds the wonder that makes living worthwhile. Mirthful, fearless, and precise, these poems are full of judgment and mercy.

“ Hoagland ’ s verse is consistently, and crucially, bloodied by a sense of menace and by straight talk. ” —The New York Times My heroes are the ones who don ’ t say much. They don ’ t hug people they just met. They don ’ t play louder when confused. They use plain language even when they listen. Wisdom doesn ’ t come to every Californian. Chances are I too will die with difficulty in the dark. If you want to see a lost civilization, why not look in the mirror? If you want to talk about love, why not begin with those marigolds you forgot to water? —from “ Real Estate ” Tony Hoagland ’ s poems interrogate human nature and contemporary culture with an intimate and wild urgency, located somewhere between outrage, stand-up comedy, and grief. His new poems are no less observant of the human and the worldly, no less skeptical, and no less amusing, but they have drifted toward the greater depths of open emotion. Over six collections, Hoagland ’ s poetry has gotten bigger, more tender, and more encompassing. The poems in *Priest Turned Therapist Treats Fear of God* turn his clear-eyed vision toward the hidden spaces—and spaciousness—in the human predicament.
