~~Renewable Energy | Boyle, Godfrey | Amazon.com:au: Books~~  
In 1975 Godfrey published his first book 'Living on the Sun: harnessing renewable energy for an equitable society'. It advanced the then revolutionary idea that industrial countries could wean themselves off fossil fuels and fully power themselves by renewable energy instead.

~~Professor Godfrey Boyle — Open University~~  
Renewable Energy: Power for a Sustainable Future, is thus a timely and welcome addition to the existing literature on the subject...Godfrey Boyle and his team of authors have, in my view, managed to produce an outstanding textbook in which a wealth of information, including an extensive amount of data, is presented in a lucid and comprehensible form.'
