This engaging text continues to set the standard for clear, balanced, and thorough coverage of the principles of economics. Packed with intriguing pop culture examples, the tenth edition is revised to include the most comprehensive coverage of the financial and economic crisis available in a principles of economics text. With new content reflecting a changing economy and new resources addressing the needs of a changing classroom, MACROECONOMICS, 10e is an ideal solution for principles courses.

Today's economy may be tough, but economics doesn't have to be. Let Roger Arnold's MACROECONOMICS, 12E open up the world of economic analysis. With more detailed coverage of the financial and economic crisis than any other principles text on the market, this inviting book offers innovative and engaging learning features and easy customization. The author weaves memorable examples from pop culture throughout this edition and bolsters reader interest by illustrating the unexpected places macroeconomics occur. Readers see how economic forces link to every day events and form an important part of life 24/7. Coverage of the latest macroeconomic developments and new content reflect today's changing economy and equip readers with a thorough understanding of contemporary macroeconomics. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A complete introduction to basic principles of economics for the two-term course. Also available in micro and macro paperback splits. Balanced presentation of major macro theories, thorough integration of international topics, a unique active learning format, a wealth of interesting real-world applications, and a focus on the economic way of thinking are presented in an interesting and upbeat style so students can understand and appreciate the material. "Fully integrated Internet" features offer hands-on exercises exploring economics on-line. Outstanding exhibits and graphs strategically use color and cause/effect diagrams for maximum student accessibility and understanding. A remarkably student-friendly text with solid theoretical content.

Ever wonder what economic factors might help determine your first job after college? If a tax on soda would really reduce obesity? What factors have affected housing prices? or whether a tax rebate is better than a tax bonus?PRINCIPLES OF MACROECONOMICS, 10e, International Edition answers these questions and many more. Using intriguing pop culture examples, the Tenth Edition is revised to include the most comprehensive coverage of the financial and economic crisis available in a principles of economics text. Self-tests help determine how well you 're grasping the concepts, a traditional study guide prepares you for tests, and CourseMate for Economics offers a graphing tutorial, quizzes, videos and more. It 's all carefully designed to help you get the best economics grade possible!Entirely new to this edition is a complete set of Video Lectures featuring author Roger Arnold as he works through key concepts and graphs in each chapter. Ideal for self-study, you can play or replay the lectures.

With more detailed coverage of the financial and economic crisis than any other principles text on the market, Roger Arnold 's PRINCIPLES OF ECONOMICS, 10e, International Edition opens up the world of economic analysis for your students with fun and innovative pedagogy and intriguing examples.

Find your next career with COMPARATIVE HEALTH INFORMATION MANAGEMENT, 4e. Updated for the fourth edition, this book explores a variety of professional settings where opportunities abound, including hospitals, ambulatory clinics and medical offices, veterinary practices, home health, long-term care, and correctional facilities, as well as emerging practice areas in consulting and cancer registry. Focused on the challenges of managing and protecting the flow of information across sites, chapters introduce the health care system today, and then delve into specifics of the many HIM roles available to you, enhancing discussions with key terms, self-test questions, web links, and more to add meaning to concepts. Additional features include realistic case studies to help you solve problems, and new " Professional Spotlight " vignettes for an inside view of actual professionals in their HIM careers. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

In less than 200 pages, HOW TO THINK LIKE AN ECONOMIST offers economics "stories" and real-world applications that will help youmake the connection between economics and your life.

Examines financial crises of the past and discusses similarities between these events and the current crisis, presenting and comparing historical patterns in bank failures, inflation, debt, currency, housing, employment, and government spending.

Any suggestions for copywriter or provide generic description of the product to be used for the Internet or non-channel specific applications. NOTE: If you have a book only version for this product, it is imperative that you provide a description that does not include any references to package elements. Ever wonder why you have the number of friends that you do?...If a tax on soda would really reduce obesity?...What is going on with the financial problems in Greece?...or whether a tax rebate is better than a tax bonus? MICROECONOMICS answers these questions and many more. Using intriguing pop culture examples, the Eleventh Edition is revised to include the most comprehensive coverage of the financial and economic crisis available in a principles of Microeconomics text. Self-tests help determine how well you 're grasping the concepts, and CourseMate for Microeconomics offers a graphing tutorial, quizzes, videos and more. It 's all carefully designed to help you get the best Microeconomics grade possible! Building on the Video Office Hours lectures developed by the author for the Tenth edition, the Eleventh edition features two entirely new video types - Video Questions and Problems and Working with Diagrams. Video Questions and Problems videos walk you through a worked problem, similar to those found at the end of each chapter, providing an ideal study tool for reference as you do homework. Working with Diagrams videos demonstrate key concepts in short (averaging 3-5 minutes) video pieces that can be played and replayed to see how the graphs and other diagrams are built. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
