'Shakespeare loves loose ends; Shakespeare also loves red herrings.' Stephen Orgel Loose ends and red herrings are the stuff of detective fiction, and under the scrutiny of master sleuths John Sutherland and Cedric Watts Shakespeare's plays reveal themselves to be as full of mysteries as any Agatha Christie novel. Is it summer or winter in Elsinore? Do Bottom and Titania make love? Does Lady Macbeth faint, or is she just pretending? How does a man putrefy within minutes of his death? Is Cleopatra a deadbeat Mum? And why doesn't Juliet ask 'O Romeo Montague, wherefore art thou Montague?' As Watts and Sutherland explore these and other puzzles Shakespeare's genius becomes ever more apparent. Speculative, critical, good-humoured and provocative, their discussions shed light on apparent anachronisms, performance and stagecraft, linguistics, Star Trek and much else. Shrewd and entertaining, these essays add a new dimension to the pleasure of reading or watching Shakespeare. 'Few modern academics are doing quite so much as Professor Sutherland to connect the "common reader" with great books' Independent

volumes have been written about William Shakespeare and his work, but here is a single volume that has organized his plays (and some of his sonnets) in exactly what the subtitle says: 'Big Ideas Simply Explained...a must-have.'" - VOYA magazine

Romeo and Juliet is a tragedy written by William Shakespeare early in his career about two young star-crossed lovers whose deaths ultimately reconcile their feuding families. It was among Shakespeare's most popular plays during his lifetime and along with Hamlet, is one of his most frequently performed plays. Today, the title characters are regarded as archetypal young lovers. Romeo and Juliet belongs to a tradition of tragic romances stretching back to antiquity. The plot is based on an Italian tale translated into verse as *The Tragical History of Romeus and Juliet* by Arthur Brooke in 1562 and retold in prose in *Palace of Pleasure* by William Painter in 1567. Shakespeare borrowed heavily from both but expanded the plot by developing a number of supporting characters, particularly Mercutio and Paris. Believed to have been written between 1591 and 1595, the play was first published in a quarto version in 1597. The text of the first quarto version was of poor quality, however, and later editions corrected the text to conform more closely with Shakespeare's original. Shakespeare's use of his poetic dramatic structure (especially effects such as switching between comedy and tragedy to heighten tension, his expansion of minor characters, and his use of sub-plots to embellish the story) has been praised as an early sign of his dramatic skill. The play ascribes different poetic forms to different characters, sometimes changing the form as the character develops. Romeo, for example, grows more adept at the sonnet over the course of the play.
